

UNCONFIRMED MINUTES

Shire of West Arthur Ordinary Council Meeting Thursday 18 April 2024

DISCLAIMER

No responsibility whatsoever is implied or accepted by the Shire of West Arthur for any act, omission or statement or intimation occurring during Council or Committee meetings or during formal/informal conversations with staff. The Shire of West Arthur disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council or Committee meetings or discussions. Any person or legal entity that act or fails to act in reliance upon any statement does so at the person's or legal entity's own risk.

The purpose of this council meeting is to discuss and, where possible, make resolutions about items appearing on the agenda. Whilst Council has the power to resolve such items and may in fact, appear to have done so at the meeting, no person should rely on or act on basis of such decision or on any advice or information provided by a member or officer, or on the content of any discussion occurring, during the course of the meeting.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or limitation of approval made by a member or officer of the Shire of West Arthur during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of West Arthur. The Shire of West Arthur warns that anyone who has an application lodged with the Shire of West Arthur must obtain and only should rely on WRITTEN CONFIRMATION of the outcome of the application, and any conditions attaching to the decision made by the Shire of West Arthur in respect of the application.

Persons should be aware that the provisions of the Local Government Act 1995 (section 5.25 (e)) establish procedures for revocation or rescission of a Council decision.

The Shire of West Arthur expressly disclaims liability for any loss or damage suffered by any person as a result of relying on or acting on the basis of any resolution of Council, or any advice or information provided by a member or officer, or the content of any discussion occurring, during the course of the Council meeting

SUMMARY:

Council is requested to consider endorsing the attached responses to the survey questions and approving the submission to WALGA.

BACKGROUND:

A three-month consultation period is now open to inform the development of new regulations and guidance materials to standardise local government council and meeting procedures in WA.

The proposed state-wide regulations would replace individual council procedures, standing orders and local laws, and are part of the first tranche of local government reforms which were passed by WA Parliament in May 2023.

The Department of Local Government, Sport and Cultural Industries (DLGSC) invites local governments to have their say by visiting <u>https://www.dlgsc.wa.gov.au/local-government/strengthening-local-government/local-government-act-reform/standardised-meeting-procedures-consultation and:</u>

- reading the consultation paper; and
- completing the online survey.

The consultation closes on Wednesday 29 May 2024.

WALGA has also prepared a discussion paper (see attachment) with comments against each of the survey questions to assist local governments in their submissions. WALGA is accepting feedback from local governments until Monday 29 April 2024 and it is suggested that Council makes its submission through WALGA via this option.

COMMENT:

At its March briefing session, Council discussed the survey questions and the CEO has drafted responses as shown (in red font) in the attachment. It is recommended that Council support the attached responses.

STRATEGIC IMPLICATIONS:

West Arthur Community Strategic Plan

Theme: Leadership and Management

Outcome: Establish and maintain sound business and governance structures

Strategy: Comply with regulations and best practice standards to drive good decision making by Council and Staff

RISK IMPLICATIONS:

Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it. The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. *Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other.* The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

Risk Themes:

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

PURPOSE OF WALGA DISCUSSION PAPER

WALGA is conscious that Local Government consultation leading to the development of the *Local Government Amendment Act 2023* evidenced broad sector support for standardisation of meeting procedures.

WALGA is equally aware that while many current Meeting Procedures / Standing Orders Local Laws include a solid core of common provisions, there is also some diversity across a range of Local Laws content.

We therefore recognise the challenge inherent in developing standardised meeting procedures and the potential they may differ significantly from, or even exclude, wellentrenched Local Law practices and procedures applied at Council and Committee meetings. Participating in the consultation process is therefore crucial to developing workable standardised meeting procedures.

The WALGA Discussion Paper is developed with a view to being read in conjunction with the Department of Local Government, Sport and Cultural Industries Standardised Meeting Procedures Consultation Paper, released in February 2024.

Our Discussion Paper melds the Consultation Paper content with WALGA Comment that is intended to provoke thought and lead to a considered response to the 34 questions posed by the Department. It is WALGA's recommendation that Local Government administrators and Council Members work collaboratively in determining a response to the Consultation Paper. This can be facilitated through informal workshops or a more formal approach at a Council meeting.

WALGA would greatly appreciate receiving your formal response by close of business Monday 29 April 2024. This is a different timeframe to the Department's Consultation Paper closing date of 29 May 2024, however it is necessary to facilitate development of a consolidated advocacy position that reflects the aggregated views of the sector on standardised meeting procedures.

PART 1 – GENERAL MEETING PROCESS

DLGSCI Consultation Paper

1. Calling meetings

The calling of council meetings is outlined in sections 5.5 to 5.7 of the Act, and in existing regulations 12 to 14. Amendments are proposed to add new requirements for the oversight of special council meetings that are held at short notice and prevent any meeting from being held at an unreasonable time of day. It is important that special meetings are only convened in appropriate circumstances. Regulations are proposed to require:

• a minimum of 24 hours' notice to convene a special council meeting

 that notice to convene a special council meeting may be done with less than 24 hours' notice if an absolute majority of council members call the meeting

• that a meeting cannot commence any earlier than 8 am or later than 8 pm.

WALGA Comment

Currently there is no time-based provision relating to calling a Special Council Meeting, with start times based on availability of attendees, identified urgency of a matter and adopting a common-sense approach. In recognition of exceptional circumstances, consider:

- Will an absolute majority of Council Members always be available/contactable if an emergency situation necessitates a special meeting?
- Should the Mayor or President be empowered to call a Special Council Meeting during an emergency, public health emergency or state of emergency, similar to emergency powers under section 6.8(1)(c) of the Act?
- Is it suitable to allow for a special council meeting to be convened with less than 24 hours' notice if an absolute majority of council members call the meeting? Yes / No

(a) If no, please provide a suggested alternative.

2. Are there any circumstances where meetings must start earlier than 8 am or later than 8 pm? Yes / No

(a) If yes, please provide examples and the suggested alternative. Refer to examples above provided by WALGA. Decision should require an absolute majority.

2. Agendas and order of business

It is proposed to broadly retain existing requirements for local governments to publish meeting agendas.

It is proposed that the general order of meetings be outlined in the Regulations for consistency across the local government sector. However, a council or committee may decide to consider business in a different order, provided that the other requirements of the Regulations (such as public question time being held before any decisions are made) are still met.

Regulations are proposed to outline the following order of business:

- opening (local governments will still be able to continue their own practices for opening meetings, such as making acknowledgements, prayers, opening statements, etc.)
- recording attendance
- public question time (see section 6)
- public presentations and petitions (see sections 7 and 8)
- members' question time (see section 12)
- · confirmation of previous minutes (see section 15)
- reports from committees and the CEO
- motions from members
- urgent business
- matters for which the meeting may be closed
- closure.

WALGA Comment

Some Meeting Procedures / Standing Orders Local Laws have dispensed with the Order of Business; is it necessary to regulate an Order of Business?

If the Order of Business is to be regulated, should the Regulations provide some flexibility for Local Governments to change their Order of Business; for example, bringing forward a matter of public interest is current common practice.

3. Is the proposed order of business suitable? Yes / No

(a) If no, please provide a suggested alternative

3. Urgent business

Currently, individual local governments' meeting local laws and policies may vary in how urgent business is raised at a meeting. Existing local laws and policies provide various procedures for urgent business to be considered at a council meeting. Broadly, these procedures seek to limit the use of urgent business to only the most exceptional circumstances.

Regulations are proposed to allow the CEO to introduce an item without notice in cases of urgency if:

- an absolute majority of the council resolve to hear the matter at the meeting, and
- the item is clearly marked as urgent business.

It is proposed that DLGSC must be notified each time this occurs, within 7 calendar days, to ensure this process is only used in exceptional circumstances.

Urgent business may only be heard after public question time (see section 6).

WALGA Comment

If the CEO determines items of urgent business, is it appropriate to involve the Department in monitoring the CEO's performance given this is the role of Council?

Should a Council Member be permitted to introduce an urgent matter for consideration under a Notice of Motion?

Should a definition of 'urgent business' be included in standardised regulations, or should this be a matter of Policy?

4. Are the proposed requirements for urgent business suitable? Yes / No

(a) If no, please provide a suggested alternative. As the CEO determines items of urgent business, it is not appropriate to involve the Department in monitoring the CEO's performance given this is the role of Council. A Council member should <u>not</u> be permitted to introduce an urgent matter for consideration under a Notice of Motion. A definition of 'urgent business' should <u>not</u> be included in standardised regulations, rather it should be a matter of Policy.

4. Quorum

Existing regulation 8 addresses the process for when there isn't a quorum at a meeting.

Amendments are proposed to provide for the following where a quorum is lost or not present:

- if no quorum is present within 30 minutes of the time set for the meeting, the meeting lapses
- where quorum is lost during a meeting:

- the meeting proceeds to the next item of business if it is due to members leaving because of a financial or proximity interest

- the meeting is adjourned for 15 minutes for any other reason and if quorum cannot be reformed, the meeting is closed

• where quorum is lost, the names of the members then present are to be recorded in the minutes.

WALGA Comment

Is there potential for proposed standardised regulations to replicate existing regulation 8?

Should the presiding member be empowered to set the date and time to reconvene a meeting adjourned due to lack of quorum?

5. Are the proposed requirements for when a quorum is not present or lost suitable? Yes / No

(a) If no, please explain why and the suggested alternative, if any.

DLGSCI Consultation Paper

5. Adjourning a meeting

Currently, individual local governments' meeting local laws or policies may contain processes for adjourning a meeting. It is intended to adopt similar rules, while also addressing concerns regarding meetings of council that run late. Regulations are proposed to provide that:

• council may decide to adjourn a meeting to another day, time and place to resume from the point it adjourned

• a presiding member may adjourn a meeting for 15 minutes to regain order of a meeting that has been disrupted

• if a meeting is adjourned for a second time due to disruption, a presiding member must adjourn the meeting to another day, time or place (not on the same day), with notice being published on the local government's website.

It is also proposed that if a meeting is continuing and it reaches 10:45 pm:

• the council or committee may decide to either extend the meeting for a further 15 minutes to allow for any remaining business to be concluded or determine to adjourn the meeting

• if any business remains at 11 pm, the meeting must adjourn to a day and time which is at least 10 hours later to deal with any outstanding agenda items and a notice must be published on the local government's website listing when the meeting will resume.

WALGA Comment

There are a variety of meeting starting times, therefore is the proposal to regulate that meetings must always adjourn at 11pm appropriate? Could the meeting closure time be based on a standard number of hours commencing from the opening of a meeting?

Is a procedural motion to extend time, by absolute majority, a valid option?

Is employee work, health and safety an equal consideration when determining the earliest a meeting can reconvene? If so, should the CEO have an active role in determining the time the meeting reconvenes?

6. Is 11 pm an appropriate time for when a meeting must be adjourned? Yes / No

(a) If no, what is the suggested alternative? There are a variety of meeting starting times, therefore the proposal to regulate that meetings must always adjourn at 11pm is <u>not</u> appropriate. The meeting closure time could be based on a standard number of hours commencing from the opening of a meeting. A procedural motion to extend time, by absolute majority, is a valid option. Employee work, health and safety is an equal consideration when determining the earliest a meeting can reconvene. Therefore, the CEO should have an active role in determining the time the meeting reconvenes.

PART 2 – PUBLIC PARTICIPATION

DLGSCI Consultation Paper

6. Public question time

Currently, the Act and Regulations require that public question time is to be made available at every council meeting and certain committee meetings.

Regulation 6 requires that at least 15 minutes is to be made available for public questions at those meetings. However, question time may be extended if there are further questions; the time may also be used for other business if there are no further questions.

Regulation 7 also provides that question time must be held before substantive decisions are made at that meeting.

Currently, the practice at many local governments is that a person who wishes to ask a question attends the meeting (either physically in-person or by electronic means) to ask their question. However, it is proposed that regulations allow for a personal representative of a person to ask a question. This provides an alternative avenue for someone who may be unable to attend a meeting to have their question raised.

Currently, individual local governments meeting local laws and policies may contain processes for members of the public to raise questions. Some requirements, such as rules requiring a person to lodge a question in writing before a meeting, may prevent a person who is not familiar with those requirements from being able to ask a question.

New standardised requirements are proposed to expand the existing Regulations to require that:

• a member of the public only needs to provide their name and suburb/locality (and not any other information) before asking a question

• a person is not required to lodge a question in writing in advance of a meeting (although a person may choose to do so, for instance if they have a very specific or technical question)

• a local government may still require a person, or their personal representative, to attend a meeting to ask a question lodged in writing in advance of the meeting for it to be addressed at that meeting

• questions must not take more than 2 minutes to ask, including a relevant preamble, unless the presiding member grants an extension of time

• if other people are waiting to ask questions, the presiding member will seek to provide equal opportunity for people to ask questions (for instance, by moving to the next person waiting after someone has asked 3 questions, and returning to the first person if time allows)

• any questions are to be answered by the presiding member, or a relevant member (nominated by the presiding member), the CEO, or an employee nominated by the CEO

• if a question, or a question of a similar nature, was asked and answered in the previous 6 months, the presiding member may direct the member of the public to the minutes of the meeting that contains the question and answer

- · no debate of a question or answer is to take place
- questions may be taken on notice by the person who is answering the question

• when a question is taken on notice, a response is to be given to the member of the public in writing and a copy of the answer is to be included in the agenda of the next ordinary meeting

• the presiding member may reject questions that contain offensive language or reflect adversely on others but must provide opportunities for the question to be rephrased

WALGA Comment

Do the proposals provide appropriate balance between the right of the public to ask questions and the community expectation that Councils efficiently transact meeting business and make decisions?

The public question time provisions under section 5.24 of the Act and the Local Government (Administration) Regulations do not specify that a member of the public must identify themselves. Is it appropriate that a person will be required to identify themselves, or should this be discretionary to permit a right to privacy?

Should a Council Member be permitted to act as a personal representative and ask a question on behalf of an absent member of the public? Should members of the public always be present to ask their question?

 Is the existing minimum allocation of 15 minutes for public question time sufficient? Yes / No

(a) If no, what minimum time limit do you suggest? 5 minutes.

 Is 2 minutes enough time for a member of the public to ask a question? Yes / No

(a) If no, what time limit or other method of allocating questions do you suggest?

- 9. Should any other standard requirements for public question time be established? Yes / No
 - (a) If yes, please provide details.
- 10. Should a personal representative be able to ask a question on behalf of another person? Yes / No

(a) If no, please provide your reasons. If the person asking the question cannot make it to the meeting, then the Presiding Member should be able to read out the question.

DLGSCI Consultation Paper

7. Presentations at council

Local governments commonly allow for presentations (also known as deputations) to be made to inform council decisions. Councils may set a policy for whether they hear presentations at council meetings and/or committee meetings, or at other meetings, and the circumstances in which a presentation may be heard.

It is proposed that local governments will continue to have discretion to choose whether and when to hear presentations.

To allow for a decision to be made in advance of the meeting, it is proposed that either the presiding member or CEO will make the decision on whether a presentation is heard at a meeting, based on any policy established by the council.

Accordingly, it is proposed that a council may establish a policy that determines:

• the types of meetings at which presentations may be heard

• whether the responsibility for making decisions on presentation requests sits with either the presiding member or CEO

• any other matters to guide the presiding member or CEO's decision making towards requests.

New Regulations are also proposed to:

• allow a person, or group of people, to lodge a request in accordance with the council's policy to provide a presentation at least 48 hours before the meeting

• require the presiding member or CEO to decide and provide a response to the person requesting the presentation by 12 noon the day of the meeting

• provide that if the presiding member or CEO refuses an application, they are to provide their reasons to the applicant and advise of the refusal at the meeting

• limit presentations to 5 minutes (not including questions) unless there is a resolution to extend the time limit

• allow council and committee members to ask questions of presenters.

WALGA Comment

Should an applicant provide details of their proposed topic and context when making a request to provide a presentation, to permit the CEO to advise Council on relevant legal, financial or other implications?

Should the decision to allow a presentation be made by the presiding member in consultation with the CEO, rather than being made by one or the other?

11. Should the Regulations specify that a request to make a presentation must relate to an item on the agenda for the relevant meeting? Yes / No

(a) If no, please provide reasons.

12. Is 48 hours of notice sufficient to administer an application from a member of the public to present to a meeting? Yes / No

(a) If no, please provide reasons and suggest an alternative. The application should give the CEO enough time to include it in the meeting agenda.

13. Should a standard time limit be set for public presentations? Yes / No

(a) If no, please provide reasons.

14. Would 5 minutes be a suitable time limit for public presentations? Yes / No

(a) If no, please provide reasons and suggest an alternative. 20 minutes.

DLGSCI Consultation Paper

8. Petitions

Many local governments have a tradition of accepting petitions, mirroring the practice of Parliament.

Regulations are proposed to:

 enable any person to petition a local government by lodging a petition to the council on any matter, including petitions which may be critical of actions or decisions of the local government

· require the lead petitioner to provide their contact details

• require any person signing a petition to state their suburb/town, and declare whether they are residents and/or electors of the district

- require the petitioner to tally the number of signatories
- limit rejection of a petition to only when it is not in the prescribed form

• require that the council is to consider each petition and must determine how it is to respond, such as by seeking a report from the CEO

- allow local governments to establish an electronic petitioning system if they wish
- require all petitions received and outcomes from petitions to be summarised in a report to the annual meeting of electors.

WALGA Comment

Should rejection of a petition extend to cases where the petitioned action will breach a written law and related imperatives, such as a public health emergency declaration?

15. Do the proposed regulations provide an effective system for managing petitions? Yes / No

(a) If no, please provide reasons and suggested alternatives. **Rejection of a petition** should extend to cases where the petitioned action will breach a written law and related imperatives, such as a public health emergency declaration.

PART 3 – CONDUCT OF DEBATE

DLGSCI Consultation Paper

9. Orderly conduct of meetings

New Regulations are proposed to create a duty for all people present at a meeting to:

- · ensure that the business of the meeting is attended to efficiently and without delay
- · conduct themselves courteously at all times
- allow opinions to be heard within the requirements of the meetings procedures.

It is also proposed that the Regulations:

• allow members to raise points of order to bring the presiding member's attention to a departure from procedure

• provide that it is a minor breach for a presiding member to preside in a manner which is unreasonable or contravenes the requirements of the Act or Regulations

• empower the presiding member to call a person to order and:

- should a member not comply with a third call to order, the presiding member may direct them to speak no further (but they may continue to cast their vote) for the remainder of the meeting, with failure to adhere to the direction being a minor breach

- if any other person does not comply with one call to order, the presiding member may direct them to leave the meeting, with failure to do so being an offence

- provide that a council may vote to rescind a direction made by a presiding member for a member to not speak further during a meeting
- provide that a member who has had a direction made against them to not speak further cannot move or second a motion that attempts to rescind the decision.

WALGA Comment

Are the proposed presiding member powers sufficient to maintain order at meetings? Are additional powers required?

Clause 10 of the Model Code of Conduct includes matters that must be observed by Council and Committee Members attending Council meetings, enforceable through the behavioural complaints process. Are the proposed new duties of persons present at meetings similar to the expected behaviours expressed in the Model Code?

The proposed minor breach of the presiding member includes 'unreasonable' conduct; should the regulations be limited to actual contraventions of the Act, Regulations or Code of Conduct?

16. Do these measures provide a suitable framework to maintain order in meetings? Yes / No

(a) If no, what are the suggested changes?

DLGSCI Consultation Paper

10. Motions and amendments

Existing meeting procedures address many matters relating to the processes of decision making. This includes motions and amendments (including foreshadowed and alternate motions), notices of motion by members, reasons for changes to the CEO's recommended motion, passing motions "en bloc", and how voting occurs. The existing system of motions (including foreshadowed, amendment, alternate and revocation motions) are proposed to be broadly maintained.

Council members may raise motions that are not part of the agenda of a meeting to recommend a proposal for consideration. For instance, a motion might propose a new policy or decision.

Local governments commonly require notice of a motion to be provided in advance of a council meeting. This is to allow council members time to review the motion and for the CEO and administration to provide advice needed to assist council members with making a decision on a motion.

Providing notice to other council members, the CEO and administration can support a more fulsome consideration of the motion.

Regulations are proposed to require council members to provide written notice of motions at least 1 calendar week before the council meeting commences. This would generally allow those motions to be included in the meeting agenda, which must be published 72 hours before the commencement of the meeting.

It is proposed that council members will still be able to move amendments and alternative motions during debate on agenda items without providing written notice in advance of the

meeting. This provides for members to be able to consider all options and suggestions for an item included in the agenda of a meeting.

It is proposed that reasons for notices of motion, amendments and other decisions that are changed at a meeting would still be required.

WALGA Comment

It is relatively common for Agendas to be prepared well in advance of the Council meeting so that Agenda Briefing sessions can be held. Should a notice of motion be provided within the established Agenda preparation timeframe of each Local Government?

Should a notice of motion be received by Council resolution to indicate support prior to the Administration preparing a detailed report?

Should a CEO be empowered to reject any notice of censure motion from a Council member, given this equates to adverse reflection?

- 17. Is a period of 1 calendar week an appropriate notice period for motions? Yes / No
 - (a) If no, what is your suggested alternative?
- 18. Are these proposals for motions suitable? Yes / No

(a) If no, please provide reasons

DLGSCI Consultation Paper

11. Debate on a motion

The practice of motions being moved and seconded and debate alternating between speakers for and against the motion is used in meeting procedures statewide.

Some local governments have a further requirement where if a motion is not opposed, no debate occurs, and the motion is recorded as passing unanimously.

Regulations are proposed to provide for the following rules for formal debate on a motion or amendment:

- any motion must be seconded before it may be debated (or carried without debate)
- a motion is carried without debate if no member is opposed to the motion

• if a member is opposed, the mover and seconder may speak and are followed by alternating speakers against and for the motion, with a final right of reply for the mover

• speeches must be relevant to the motion under debate and no member must speak twice -

except for the mover's right of reply, or if the council decides to allow further debate

• no member can speak for longer than 5 minutes without the approval of the meeting.

WALGA Comment

Should regulations provide for Council to suspend formal debate rules to enable members to speak more than once on a specific item?

 Do you support these rules for formal debate on a motion or amendment? Yes / No

(a) If no, what is your suggested alternative? **Regulations should provide for Council to suspend formal debate rules to enable members to speak more than once on a specific item.**

20. Is 5 minutes a suitable maximum speaking time during debate? Yes / No

(a) If no, what should be the default maximum speaking time? 3 minutes.

21. Is a general principle against speaking twice on the same motion suitable? Yes / No

(a) If no, please provide reasons.

DLGSCI Consultation Paper

12. Questions by members

The current practices for members asking formal questions at meetings varies throughout the sector. Some local governments have a "questions from council members" period; other local governments allow members to place questions on notice for future meetings.

Regulations are proposed to provide that:

• council members can ask the CEO questions related to any item on an agenda by providing the question in writing by 12 noon the day before the meeting

• council member questions are to be answered during the "questions from council members" agenda item

• council members must seek permission from the presiding member to ask the CEO 0.0.0. clarifying questions during debate.

WALGA Comment

Questions from Council Members are an important part of the meeting, especially if a Local Government does not conduct Agenda Briefings in advance of ordinary Council meetings.

Should questions from Council Members only be asked at one particular part of the meeting or be asked prior to debate on the agenda item to which the question relates? Could limiting questions to those provided the day before the meeting be counter productive to good decision making if the question relates to a matter on the Agenda?

With proposed new rules for public question time in mind, should questions by members also be limited by time and number in the interests of conducting efficient and effective meetings? Should the presiding member be empowered to rule on the relevance of a question?

- 22. Should the new standardised provisions include a maximum time limit for the "questions from council members" agenda item? Yes / No
 - (a) If no, please provide details.
- 23. Is 1 day of notice for a question from a council member sufficient? Yes / No
 - (a) If no, what is your suggested alternative and why?
- 24. Is it appropriate for the presiding member to consider whether to allow a member to ask clarifying questions during debate? Yes / No
 - (a) If no, what is your suggested alternative and why?

DLGSCI Consultation Paper

13. Procedural motions

Various procedural motions are provided for in each local governments' meeting procedures. They help with managing a meeting effectively and democratically.

Regulations are proposed to provide for the following procedural motions to be put without debate:

• a motion to vary the order of business (e.g. to move a report in the order of business so it is considered earlier)

- a motion to adjourn debate to another time
- · a motion to adjourn the meeting
- a motion to put the question (close debate)
- a motion to extend a member's speaking time
- · a motion to extend public question time
- a motion to extend the time for a public presentation

• a motion to refer a motion to a committee or for the CEO to provide a new or updated report to a future meeting

• a motion of dissent in the presiding member's ruling (for example, to overturn the presiding member's direction that a member does not speak further)

• a motion to close a meeting to the public in accordance with the Act.

WALGA Comment

Procedural motions in current Local Laws are accompanied by qualifying provisions explaining their effect; for example, a person who has spoken on a motion cannot move to close a debate on the motion; and the mover of some procedural motions can speak to the motion but cannot speak to some others.

Are some qualifying provisions still necessary to ensure fair and equal participation in the meeting? Or should all procedural motions be put without debate?

25. Should any of these procedural motions not be included? Yes / No

(a) If yes, please identify which motions and why they should not be included.

26. Are any additional procedural motions needed? Yes / No

(a) If yes, please provide suggestions and explain why.

DLGSCI Consultation Paper

14. Adverse reflection

In addition to aspects of the model code of conduct, existing meeting procedures seek to prevent inappropriate language and adverse reflections from occurring at meetings.

Regulations are proposed to provide that:

• a person, including a member, cannot reflect adversely on the character of members, employees or other persons – if they do so they must withdraw their remark

 members cannot adversely reflect on the decisions of the council, except in making a motion to revoke or change a decision

• failure to withdraw adverse reflection is to be dealt with as disorderly conduct (including as a potential minor breach)

• a member who is concerned about a remark that may be an adverse reflection may raise a point of order with the presiding member.

WALGA Comment

With compulsory public broadcasting and audio recording of ordinary Council meetings imminent, should adverse reflection be elevated from a behavioural or minor breach to a serious breach of the Act?

- 27. Are there any circumstances where a person should be able to adversely reflect on another council member, an employee or a decision of the local government? Yes / No
 - (a) If yes, please provide more information to explain the circumstances.

PART 4 – OTHER MATTERS

DLGSCI Consultation Paper

15. Meeting minutes and confirmation

Existing meeting procedures provide for the method of confirmation of the minutes. It is proposed to amend the Regulations to provide a clear process for correcting minutes by:

• allowing a member who identifies errors with unconfirmed minutes to provide a CEO with any proposed corrections by 12 noon the day before a meeting at which the minutes are to be confirmed

• requiring any proposed corrections to the minutes to be presented to council for a decision with a recommendation from the CEO

• Requiring DLGSC to be notified if a local government fails to adopt or defers confirmation of the minutes of a meeting

WALGA Comment

The confirmation of minutes ensures that a true and correct record of a meeting is kept. Currently, a simple majority of Council Members must agree to any proposed amendments. Are additional rules required?

28. Is 1 day sufficient notice for a proposed correction to the minutes? Yes / No

(a) If no, how much notice should be required and why? 10 days because many smaller LGs only have part time team members responsible for preparation of minutes.

16. Electronic meetings and attendance

In 2020, Regulations were introduced in response to the COVID-19 pandemic to enable councils to hold meetings electronically and for council members to attend using electronic means. This allowed councils to continue making critical decisions during the pandemic. The use of videoconferencing and the adoption of livestreaming has also encouraged public access and participation in local government.

On 9 November 2022, the Local Government (Administration) Amendment Regulations 2022 took effect, meaning local governments could conduct council and committee meetings electronically outside of emergency situations and that council and committee members could attend in-person meetings using electronic means, such as videoconferencing.

The State Government committed to a public consultation process to gain feedback on the effect of these changes following 12 months of operation.

WALGA Comment

Is the '50% rule' (refer: regulations 14C(3) and 14D(2A) of the *Local Government* (*Administration*) *Regulations*) for electronic attendance at in-person meetings and holding electronic meetings clearly understood? Is it proving to be easily applied?

Should the definition of 'meeting' (refer: regulation 14C(1) of the *Local Government* (*Administration*) *Regulations*) be amended to permit electronic attendance at electors' meetings?

29. Has the change to enable electronic meetings to occur outside of emergency situations been helpful? Yes / No / Unsure or unable to comment

(a) If no, please explain why.

30. Has the ability for individual members to attend meetings electronically been beneficial? Yes / No / Unsure or unable to comment

(a) If no, please explain why.

31. Do you think any changes to electronic meetings or electronic attendance are required? Yes / No / Unsure or unable to comment

(a) If yes, please provide details of the changes and explain why they are needed. Specific protocols of how to run and participate in an electronic meeting should be included to assist members during meetings.

17. Council committees

Sections 5.8 to 5.18 of the Act provide for the establishment of committees that may assist with decision making. Section 7.1A provides for the establishment of an audit committee. The standardised meeting procedures will only apply to those committees established under sections 5.8 and 7.1A.

It is proposed that provisions for committees be similar to requirements for council meetings. Committees may need to provide a more flexible meeting environment, in terms of time limitations and procedure, to facilitate the consideration of issues in detail. This is reflected in meeting procedures across the State.

Regulations are proposed to provide that:

• a committee meeting is to be called when requested by the presiding member of the committee, the mayor or president, or a third of the committee's members

• certain meeting procedures such as the order of debate, speaking twice and time limits do not apply to a committee

• a committee is answerable to the council and must provide at least 1 report to council on its activities each year.

WALGA Comment

Many current Local Laws include requirements additional to sections 5.8 to 5.18 of the Act for establishing committees, that include assigning terms of reference and requirements for reporting to Council. Are similar establishment provisions required in standardised regulations?

If a committee has delegated authority to make decisions, should it follow that the standardised regulations must apply as they do at the ordinary council meeting?

32. Are any other modifications needed for committee meetings? Yes / No

(a) If yes, please provide details of the modifications and explain why. Many current Local Laws include requirements additional to sections 5.8 to 5.18 of the Act for establishing committees, that include assigning terms of reference and requirements for reporting to Council. Similar establishment provisions are required in standardised regulations. If a committee has delegated authority to make decisions, it should follow that the standardised regulations must apply as they do at the ordinary council meeting.

18. Meetings of electors

The Act establishes that the mayor or president is to preside at electors' meetings, and any resolutions passed by an electors' meeting are considered at a following council meeting.

As electors' meetings are quite different to council meetings, comment is sought about whether parts of the proposed standard should apply for electors' meetings.

WALGA Comment

Should the presiding member powers for effective control of meetings always apply to electors' meetings?

33. Should parts of the proposed standard apply at electors' meetings? Yes / No

(a) If yes, please explain what may be required. The presiding member powers for effective control of meetings should always apply to electors' meetings.

DLGSCI Consultation Paper

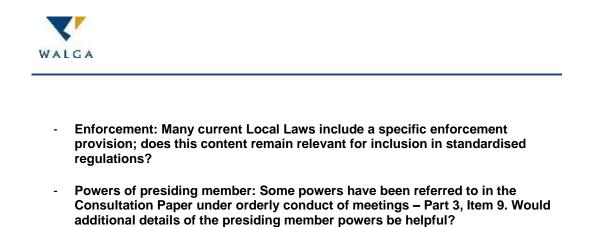

19. Any other matters

Feedback is welcome on any other element of local government meetings for consideration in the further development of the new Regulations.

WALGA Comment

There are additional matters common to current Standing Orders / Meeting Procedures Local Law that may feature in standardised regulations but not discussed in detail to date, including:

- Revoking or changing decisions / implementing decisions: Many current Local Laws feature rules that clarify how revoking or changing decisions under Administration Regulation 10 is applied; does this content remain relevant for inclusion in standardised regulations?
- Suspension of standardised regulations: Many current Local Laws include a provision permitting Council by resolution, to suspend one or more Local Law provision; does this content remain relevant for inclusion in standardised regulations?
- Matters not included in standardised regulations: Many current Local Laws include a provision empowering the presiding member to decide matters not set out in the Local Law; does this power remain relevant for inclusion in standardised regulations?

- Review of Standardised Regulations: The Model Local Law (Standing Orders) 1998 (No 73, 3/4/98) were developed by the Department of Local Government to assist Local Governments transition from Bylaws created under the *Local Government Act 1960* to appropriate meeting provisions compliant with the current Act. This Model formed the basis of early Local Laws but due to lack of review, arguably fell out of favour as a suitable template. Should standardised regulations be reviewed every 5 years, to ensure they remain current with contemporary meeting practices?

SUMMARY:

Council is requested to consider appointing the Electoral Commissioner to conduct an extraordinary postal election to fill the current vacancy at the Shire of West Arthur.

BACKGROUND:

Lucy Hall was appointed to Council in October 2023 for a four year term. Cr Hall resigned from Council in March 2024 and, pursuant to section 4.8 of the *Local Government Act 1995* (LGA), an extraordinary election is required to fill the vacancy.

COMMENT:

At its meeting of 21 March 2024, Council resolved to provide in-principal support for the WA Electoral Commission (WAEC) to conduct the extraordinary election for the Shire of West Arthur. An estimate of the WAEC's costs has now been received from the Electoral Commissioner (attachment 3), together with confirmation of its agreement to conduct the election on behalf of the Shire (attachment 1). A condition of the agreement is that Council must pass the necessary motions described in attachment 1.

The proposed election date is 12 July 2024 and the relevant timeline of actions is provided as attachment 2.

Theme: Leadership and Management

Outcome: Councillors represent the community and are well trained

Strategy: Council process is open and transparent to the general community

RISK IMPLICATIONS:

Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it. The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other. The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

Risk Themes:

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

Mr Vincent Fordham Lamont Chief Executive Officer Shire of West Arthur PO Box 112 DARKAN WA 6392

Dear Mr Fordham Lamont,

Councillor vacancy – Local Government Extraordinary Election – Written Agreement

I refer to an email dated 28 March 2024 in which you accept the Western Australian Electoral Commission's Cost Estimate for the 2024 Local Government Extraordinary Election and commit to take it to your next council meeting.

For the purposes of section 4.20(4) of the *Local Government Act 1995*, this letter constitutes my written agreement to be responsible for the conduct of the local government extraordinary election for the Shire of West Arthur **subject to** your Council passing the following two motions (**unchanged**):

- 1. declare, in accordance with section 4.20(4) of the *Local Government Act 1995*, the Electoral Commissioner to be responsible for the conduct of the extraordinary election; and
- 2. decide, in accordance with section 4.61(2) of the *Local Government Act 1995* that the method of conducting the extraordinary election will be as a postal election.

For the Commission to conduct the extraordinary election as a postal election, your Council will then need to pass the above two motions (**unchanged**) by an absolute majority upon receipt of this letter.

Once the Council passes the abovementioned motions, please forward confirmation to the Commission to the email address below.

If you have further queries, please contact lgelections@waec.wa.gov.au.

Mr Vincent Fordham Lamont Chief Executive Officer Shire of West Arthur PO Box 112 DARKAN WA 6392

Dear Mr Fordham Lamont,

Councillor vacancy – Local Government Extraordinary Election – Cost Estimate

I refer to an email of 21 March 2024 enquiring if the Commission can provide a Cost Estimate to undertake an extraordinary election for the Shire of West Arthur due to the resignation of Councillor Lucy Hall.

As you are aware, if a declaration has been made under section 4.20(4) of the *Local Government Act 1995*, the local government is required to meet the expenses of the Commissioner in connection with the election to the extent required by regulations.

As such, to assist with the Council's decision under section 4.20(4) of the *Local Government Act 1995*, the Commission has estimated the cost to conduct your Council's election as a postal election at approximately \$13,500 (inc GST) which is based on the following assumptions:

- 620 electors;
- response rate of approximately 50%;
- appointment of a local Returning Officer; and
- count to be conducted at your office using CountWA.

Costs not included in this estimate:

- non-statutory advertising (i.e. additional advertisements in community newspapers and promotional advertising);
- any legal expenses other than those that are determined to be borne by the Western Australian Electoral Commission in a Court of Disputed Returns;
- · local government staff members to issue replacement votes; and
- the cost of any casual staff to assist the Returning Officer on election day or night

Level 2, 66 St Georges Terrace PERTH WA 6000

E waec@waec.wa.gov.au

This cost estimate is **not** to be taken as my written agreement to be responsible for the conduct of the local government extraordinary election for the Shire of West Arthur in accordance with section 4.20(4) of the *Local Government Act 1995*.

I will provide that written agreement upon receiving written confirmation from you that:

- A. Your Council agrees to the costs estimate of approximately \$13,500 as set out above; and
- B. You agree that, upon receiving my written agreement, the following two motions will be presented to your Council (unchanged):
 - 1. declare, in accordance with section 4.20(4) of the *Local Government Act 1995*, the Electoral Commissioner to be responsible for the conduct of the extraordinary election;
 - 2. decide, in accordance with section 4.61(2) of the *Local Government Act 1995* that the method of conducting the extraordinary election will be as a postal election.

For the Commission to conduct the extraordinary election as a postal election, your Council will then need to pass the above two motions (**unchanged**) by an absolute majority *after* receiving my written agreement.

If you have any queries, please contact lgelections@waec.wa.gov.au.

11.3 APPOINTMENT OF REPLACEMENT COUNCILLOR TO THE AUDIT AND RISK COMMITTEE

SUMMARY:

Council is requested to consider appointing a replacement member to the Audit and Risk Committee, following the resignation from Council of Lucy Hall.

BACKGROUND:

The *Local Government Act 1995* (s7.1A) requires that a local government establish an Audit and Risk Committee with a minimum of three members. The members of this committee are to be appointed by the local government and at least 3 of the members, and the majority of the members, are to be council members.

The Shire of West Arthur Audit and Risk Committee comprises three members, all of which are current councillors.

COMMENT:

On 20 March 2024. Cr Lucy Hall handed in her resignation from Council, effective immediately. As a result, and particularly given the small existing membership of the Audit and Risk Committee, it is important to replace the departed member as soon as possible.

Pursuant to section 5.11 of the Local Government Act 1995, an appointment to any committee of Council is current until the next ordinary election, the committee is disbanded or the member resigns.

RISK IMPLICATIONS:

Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it. The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other. The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

Risk Themes:

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information

Policy Statement

Powers of the Audit & Risk Management Committee

The committee is a formally appointed committee of Council and is responsible to that body. The committee does not have executive powers or authority to implement actions in areas over which the CEO has legislative responsibility and does not have any delegated financial responsibility. The committee does not have any management functions and cannot involve itself in management processes or procedures.

The committee is to report to Council and provide appropriate advice and recommendations on matters relevant to its term of reference in order to facilitate informed decision-making by Council in relation to the legislative functions and duties of the local government that have not been delegated to the CEO.

Membership

The committee shall consist of three (3) elected members, and may include an external member in accordance with the *Local Government Act 1995*. All members shall have full voting rights.

Quorum

The quorum at any meeting shall be half plus one of the number of offices. Therefore the number for a Quorum shall be 3 voting members.

Meetings

The committee shall meet at least twice annually. Additional meetings mayl be convened at the discretion of the presiding person.

Reporting

Reports and recommendations of each committee meeting shall be presented to the next ordinary meeting of the Council.

Duties and Responsibilities

The duties and responsibilities of the committee will be -

- a. Provide guidance and assistance to Council as to the carrying out the functions of the local government in relation to audits.
- b. Develop and recommend to Council
 - a list of those matters to be audited; and
 - the scope to be undertaken.
 - Recommend to Council the person or persons to be appointed for internal audits.
 - Develop and recommend to Council a written agreement for the appointment of the auditor. The agreement is to include –
 - the objectives of the audit;
 - the scope of the audit;
 - a plan of the audit;
 - details of the remuneration and expenses to be paid to the auditor; and
 - the method to be used by the local government to communicate with, and supply information to, the auditor.
- c. Meet with the auditor once in each year.
- d. Liaise with the CEO to ensure that the local government does everything in its power to -
 - assist the auditor to conduct the audit and carry out his or her other duties under the Local Government Act 1995; and
 - ensure that audits are conducted successfully and expeditiously.

- e. Examine the reports of the auditor after receiving a report from the CEO on the matters and
 - determine if any matters raised require action to be taken by the local government; and
 - ensure that appropriate action is taken in respect of those matters.
- f. Review the report prepared by the CEO on any actions taken in respect of any matters raised in the report of the auditor and presenting the report to Council for adoption prior to the end of the next financial year or 6 months after the last report prepared by the auditor is received, whichever is the latest in time.
- g. Review the scope of the audit plan and program and its effectiveness.
- h. Address issues brought to the attention of the committee that are within the parameters of the committee's terms of reference.
- i. Seek information or obtain expert advice through the CEO on matters of concern within the scope of the committee's terms of reference following authorisation from the Council.
- j. Review the appropriateness of special internal audit assignments undertaken by internal audit at the request of Council or CEO
- Review reports of internal audits, monitor the implementation of recommendations made by the audit and review the extent to which Council and management reacts to matters raised;
- I. Facilitate liaison between the internal and external auditor to promote compatibility, to the extent appropriate, between their audit programs
- m. Review the local government's draft annual financial report, focusing on -
 - accounting policies and practices;
 - changes to accounting policies and practices;
 - the process used in making significant accounting estimates;
 - significant adjustments to the financial report (if any) arising from the audit process;
 - compliance with accounting standards and other reporting requirements; and
 - significant variances from prior years;
- n. Consider and recommend adoption of the annual financial report to Council. Review any significant changes that may arise subsequent to any such recommendation but before the annual financial report is signed;
- Address issues brought to the attention of the committee, including responding to requests from Council for advice that are within the parameters of the committee's terms of reference;
- p. Seek information or obtain expert advice through the CEO on matters of concern within the scope of the committee's terms of reference following authorisation from the Council;
- q. Oversee the effective management of risk within the Shire of West Arthur, including review of risk management policies & procedures, reviewing outstanding risk mitigation actions and periodically reviewing the Shire of West Arthur risk register.
- r. Review the annual Compliance Audit Return and report to the council the results of that review, and

s. Consider the CEO's biennial reviews of the appropriateness and effectiveness of the local government's systems and procedures in regard to risk management, internal control and legislative compliance, required to be provided to the committee, and report to the council the results of those reviews.

SUMMARY:

Council is requested to consider appointing a replacement representative for the Shire of West Arthur to sit as Development Assessment Panel (DAP) members.

BACKGROUND:

As a key component of the State Government's planning reform agenda Development Assessment Panels (DAPs) aim to enhance planning expertise in the decision-making process by improving the balance between technical advice and local knowledge.

Development Assessment Panels (DAPs) are decision-making bodies that are independent of the Department of Planning, Lands and Heritage or the Western Australian Planning Commission.

DAPs were established under the *Planning and Development (Development Assessment Panels) Regulations* 2011 and are administered by the DAP secretariat within the Department of Planning, Lands and Heritage. DAPs assess Development Applications which are considered to be significant enough to require assessment outside the standard local government process.

Representation of local interests is a key part of the DAP system. In accordance with this premise, under Regulation 23 of the *Planning and Development (Development Assessment Panels) Regulations 2011,* Councils are required to nominate, as soon as possible following elections, four elected members to sit as DAP members.

COMMENT:

At its ordinary meeting of 26 October 2023, Council made the following appointments as DAP members:

- Cr Graeme Peirce (Member)
- Cr Lucy Hall (Member)
- Cr Neil Morrell (Proxy)
- Cr Karen Harrington (Proxy)

On 20 March 2024. Cr Hall handed in her resignation from Council, effective immediately. As a result, it is necessary to replace the departed member as soon as possible.

SUMMARY:

Council is requested to consider appointing a replacement member to its Tidy Towns Committee, following the resignation from Council of Lucy Hall.

BACKGROUND:

The Keep Australia Beautiful Council's annual Tidy Towns Sustainable Communities Awards recognise regional and remote communities that demonstrate effective litter prevention activities, positive environmental action and social outcomes. In 2011, West Arthur won the overall WA State Award.

COMMENT:

The current membership of Council's Tidy Towns Committee is comprised of Cars Robyn Lubcke and Lucy Hall. On 20 March 2024. Cr Hall handed in her resignation from Council, effective immediately. As a result, and particularly given the small existing membership of the Tidy Towns Committee, it is necessary to replace the departed member.

It is also important to review the necessity of the committee and potentially develop new Terms of Reference for the committee. This will be looked at by management after the new member is appointed.

SUMMARY:

Council is requested, pursuant to section 215 of the *Planning and Development Act 2005*, to consider removing the sea container and caravan from 7 King St Darkan, storing them at the Shire Depot and charging the owner accordingly.

BACKGROUND:

At its meeting of 28 September 2023, Council resolved to approve a retrospective Development Application (DA) from the owner of 7 King St Darkan to place a sea container on the property. The owner had already situated the sea container on the property without submitting the required DA.

The first three conditions of the approval were:

- 1. The sea container shall be relocated to be more than 7.5m from the front boundary and 1.0m from a side boundary, within 90 days of the date hereof.
- 2. A site plan drawn to scale, showing the revised location of the sea shall be submitted to, and approved by Council, within 90 days of the date hereof.
- 3. The sea container shall be painted and / or screened to the requirements and satisfaction of the Responsible Authority, within 90 days of the date hereof.

A site inspection by the Shire on 8 January 2024 confirmed the requirements of Conditions 1, 2 and 3 of the development approval granted on 28 September 2023 had not yet been addressed.

On 18 January 2024, a notice of direction was issued to the owner stating that:

• "Your failure to comply with the requirements of Conditions 1, 2 and 3 of the development approval granted on 28 September 2023 is an offence under section 218 of the *Planning and Development Act 2005* which renders you liable to a fine of up to \$200,000 and, in the case of a continuing offence, a further fine of \$25,000 for each day during which the offence continues."

The Notice of Direction also advised the owner that he had an additional 60 days (until 18 March) to comply with conditions 1, 2 and 3 before he became liable to the fines indicated previously. He responded to the CEO advising that the work would be carried out in the required timeframe.

On 27 March 2024, the CEO again inspected the property and none of the required work had been carried out.

COMMENT:

The CEO discussed the situation with the Shire's planning consultant and determined that there were two choices available to Council:

1. Instruct the Shire's lawyers to initiate prosecution action in the Magistrates Court where the owner will, if found guilty, face the following maximum penalties as prescribed in section 223 the *Planning and Development Act 2005:*

Unless otherwise provided, a person who commits an offence under this Act is liable to a fine of \$200,000 and, in the case of a continuing offence, a further fine of \$25,000 for each day during which the offence continues.

2. Pursuant to section 215(1) of the *Planning and Development Act 2005*, remove the sea container (and caravan) from the property and store it at the Shire Depot. The cost of this action to the Shire can be recovered from the owner of the property.

The CEO recommends the second option to avoid unnecessary costs and still achieve the desired outcome of compliance with the Development approval.

SUMMARY:

Council is requested to consider updating Delegation 2.5 – Donations, Fee Reductions, and Sponsorships to include the power to waive or reduce Shire fees or charges relating to development/building applications, by not-for-profit community organisations.

BACKGROUND:

Section 6.12(1)(b) of the *Local Government Act 1995* states that a local government may waive or grant concessions in relation to any amount of money. Section 5.42 of the Act provides for a local government to delegate some duties and powers to its CEO to improve efficiency of decision making.

COMMENT:

The CEO has come across a situation recently where a community not-for-profit organisation has requested that the Shire waive its component of development/building application fees. This is not a common occurrence but it is enough for the CEO to request that Council delegate him the power to waive or reduce waive or reduce Shire fees or charges relating to development/building applications, by not-for-profit community organisations.

FINANCIAL IMPLICATIONS:

Potential reduction in Shire fees or charges relating to development/building applications. Given that most community organisations do not own any property, it is not anticipated that this would be a significant occurrence.

STRATEGIC IMPLICATIONS:

West Arthur Community Strategic Plan

Theme: Leadership and Management

Outcome: Establish and maintain sound business and governance structures

Strategy: Comply with regulations and best practice standards to drive good decision making by Council and Staff

RISK IMPLICATIONS:

Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it. The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other. The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

Risk Themes:

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

11.8 REVOCATION OF DELEGATION 2.20 LEGAL REPRESENTATION AND COST INDEMNIFICATION

| Attachments: | 1. Delegation 2.20 🗓 |

SUMMARY:

Council is requested to consider revoking the following delegation to the CEO - 2.20 Legal Representation and Cost Indemnification as it is superfluous to needs.

BACKGROUND:

Section 5.42 of the *Local Government Act 1995* provides for a local government, for the purpose of improving efficiencies of decision making, to delegate some of its powers to the CEO.

Council adopted Delegation 2.20 Legal Representation and Cost Indemnification (see attached) on 12 April 2022 as part of a review of all existing delegations.

COMMENT:

A recent review of Delegation 2.20 by the CEO found that it did not make sense. There is a reference within the delegation to Policy 13, but that particular policy does not currently exist and management is unable to locate any historical policy of that number. It is difficult, therefore, to determine exactly what the delegation was trying to achieve.

If the intention was to enable the CEO to seek legal advice without reference to Council, then the delegation is not required on the following basis:

- Obtaining legal advice relevant to the day-to-day management of the local government is a CEO function under s.5.41(d) of the *Local Government Act 1995*.
 - Council determines the budget allocation for this purpose and the CEO then determines when legal advice may be required, in the context of day-to-day management, within the \$ value constraint of the budget allocation.
 - If the cost of the legal advice is outside the budget allocation, an out of budget expenditure agenda item would need to be taken to Council.
- Where a legal matter is likely to be a substantial risk to the LG or progresses from operational to strategic risk, the CEO has an obligation to advise Council under s.5.41(a) and (b), and to manage the risk in accordance with the risk management framework. This may require reporting via the Audit and Risk Committee, with recommendations subsequently to Council.

It is, therefore, recommended that Council revoke Delegation 2.20, pursuant to section 5.45(1)(b7) of the *Local Government Act 1995*, as it is surplus to requirements.

SUMMARY:

Council is requested to approve a correction to the existing policy F9 – Australia Day Citizen of the Year Awards to reflect how the selection panel members will be nominated and elected.

BACKGROUND:

The purpose of the policy is to acknowledge the contribution and celebrate community engagement of people within the community of the Shire of West Arthur.

The Awards recognise individuals and organisations making a notable contribution during the current year, and/or those who have given outstanding service over a number of years.

COMMENT:

The Australia Day Committee comprises three community members, nominated and voted on by the Councillors. Under the current system, previously serving members are not permitted to serve on the committee for a second term. This has led to a severe reduction in the number of people able or willing to serve on the committee.

At the February 2024 Council Briefing Session, a discussion was held regarding the best way forward. The amended policy reflects the changes required.

Policy Title

F9 - Australia Day Citizen of the Year Awards.

Policy Type

Corporate Services

Responsible Officer

Community Development Officer

Purpose

To acknowledge the contribution and celebrate community engagement of people within the community of the Shire of West Arthur.

Scope

The Awards recognise individuals and organisations that have made a notable contribution during the current year, and/or to those who have given outstanding service over a number of years.

In particular, the Shire encourages people from diverse backgrounds to consider nominating, including Aboriginal and Torres Strait Islander people, women, young people, those living with disabilities, and people from culturally diverse backgrounds.

Definitions

Recipients will have been judged to have:

- Made a significant contribution to the local community over and above what is normally expected through their paid employment/business.
- Demonstrated leadership on a community issue resulting in the enhancement of community life.
- Developed or implemented a significant initiative which has brought about positive change and added value to community life.
- Displayed inspiring qualities as a role model for the community.

Eligibility Criteria

- Nominees should reside or work principally within the Shire of West Arthur.
- Groups of people or couples will not normally be eligible except when meeting the criteria for a community group, although a couple or pair working together on a joint initiative may be considered in an individual category at the discretion of the local selection committee.
- A person may receive an award on more than one occasion in recognition of their particularly outstanding community contribution or involvement in an alternative initiative.
- Unsuccessful nominees may be nominated in future years.
- Nominations must be apolitical in their nature and should not in any way bring the awards program or local government authority into disrepute.
- Sitting members of State, Federal and Local Government are not eligible.

Policy Statement

In line with the Community Citizen of the Year Awards from the Australia Day Council of Western Australia, nominations are to be sought from organisations and individuals for:

- Community Citizen of the Year
- Community Citizen of the Year (Youth)
- Community Citizen of the Year (Senior)
- Active Citizenship (group or event)

Nominations are to be in accordance with the official Australia Day Community Citizen of the Year Awards.

Judging

- One winner is to be selected for each category by a panel of three community members;
- Judging will be in accordance with the criteria published in the Australia Day WA Citizen of the Year Award Guidelines; and
- No Award is to be presented when the judges believe the nominees are not of a sufficiently high standard to receive the award.

Committee

- The committee is to consist of three (3) community members;
- The committee members will each serve three (3) years on a rotational basis;
- The community (including past members) is to nominate committee members annually;
- Council votes to approve the nominees; and
- The Community Development Officer is a non-voting member, providing secretarial support.

The Shire President, or his/her nominee, shall present the awards at the Australia Day Ceremony held annually.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 31 MARCH 2024

1 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996, prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 15 to these financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets

 estimation of fair values of land and buildings, infrastructure and investment property

estimation uncertainties made in relation to lease accounting
 estimated useful life of intangible assets

SIGNIFICANT ACCOUNTING POLICES

Significant acccounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 10 April 2024

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

KEY INFORMATION

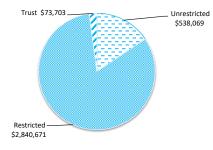

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and

- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other a

SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

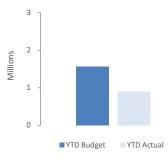

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Initial recognition and measurement for assets held at cost Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

Initial recognition and measurement between mandatory revaluation dates for assets held at fair value In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

OPERATING ACTIVITIES

OPERATING ACTIVITIES

Total receivables general outstanding Amounts shown above include GST (where applicable)

KEY INFORMATION

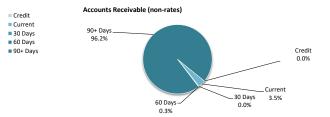

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

Other financial assets at amortised cost The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and

- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

KEY INFORMATION

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

POLICY IMPLICATIONS:

Policy F29 – Purchasing Policy Policy F2 – Corporate Transaction Cards Policy

FINANCIAL IMPLICATIONS:

There are no financial implications. Reported expenditure is assessed by management as being consistent with the adopted Annual Budget.

STRATEGIC IMPLICATIONS:

West Arthur Towards 2031

Theme: Leadership and Management

Outcome: Establish and maintain sound business and governance structures

Strategy: Comply with regulations and best practice standards to drive good decision making by Council and Staff

RISK IMPLICATIONS:

Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it. The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other. The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

Risk Themes:

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management

- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

SUMMARY:

Council is requested to approve the disposal of unutilised Shire operational plant below via a private auction house.

BACKGROUND:

T22 Isuzu Giga 2008. This prime mover is only used occasionally and mainly sits in the depot yard.

D3 Caterpillar D6t xl Dozer. It is more economical to have gravel pushed by a contactor. Sale of this item will assist towards revolutionising into a 20 Ton Excavator in 2024/2025 budget.

T15 Hino 500 2004 truck. Is used solely for patching works and towing the small bobcat trailer; will be replaced with the **T12** old gardens truck.

Bobcat trailer. As the trailer is not legal, a new trailer will need to be considered in 2024/2025 budget.

T21 Hino crew cab. This truck has a blown motor, as per conversation in last year's council meetings.

C22 Toyota Hilux 2006. No longer required and the kms are suitably high.

S2 Bandit mulcher. No longer used and not a viable item.

Old McDonald's 3-point. Old 10 Ton roller relic which stays in the depot yard.

Old McDonald 3-ton. Old roller relic which stays in the depot yard.

Old Forklift. No longer used and not a viable item, due to purchasing a new forklift.

Other smaller items: Rock spreading box, fuel pumps.

COMMENT:

All the mentioned equipment and plant is either not being fully utilised or is just sitting in the yard not being used at all.

I would recommend putting a sales reserve on the following plant items:

- D6t Caterpillar dozer with Tree Arm, Stick Rake and Blade a reserve of \$230,000.00
- T22 Isuzu Giga 2008 a reserve of \$40,000.00
- T15 Hino 500 2004 a reserve of \$30,000.00

STATUTORY ENVIRONMENT:

Local Government Act 1995 s3.58 Disposing of property

POLICY IMPLICATIONS:

Nil

FINANCIAL IMPLICATIONS:

The total estimated sale proceeds are expected to be from around \$300,000.00 up to \$450,000.00, all of which are to be placed in the plant reserve.

STRATEGIC IMPLICATIONS:

West Arthur's Shire Plant is an important part of our community's Strategic Plan heading towards 2031.

Outcome: Replace utilised and outdated operational plant and equipment to more modern and streamlined operative outfit which will increase output and production.

RISK IMPLICATIONS:

Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it. The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other. The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than ten should be added to the Risk Register and specific controls developed.

Risk Themes:

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management.
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management
