Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold.

Refer to Note 1 for an explanation of the reasons for the variance.

This statement is to be read in conjunction with the accompanying Financial Statements and notes.

SHIRE OF WEST ARTHUR
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 30 April 2020

Note 1: Explanation of Material Variances

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date budget materially.

The material variance adopted by Council for the 2019/20 year is \$10,000 or 10% whichever is the greater.

Operating Grants, Subsidies and Contributions

31012	General purpose grant income above budget. Will be \$41,349 above budget for full year.
(3,185)	Local roads grant income below budget. Will be \$4,246 less for full year.
4454	Culture grants received unbudgeted. Oral histories.
1000	Thank a volunteer grant received. Offset by expenditure.
3620	Age friendly, dementia grant received. Unbudgeted and will be offset by expenditure in 2020/21
9429	Kids Central grant higher than budgeted. Service delivered for longer.

Fees and Charges

29633	Kids Central Childcare income above budget. Budgeted for three months prior to transfer to REED.
6128	Caravan park income above budget. permanent variance

Other Revenue

20890	Insurance claims and reimbursements permanent variance
10487	Diesel rebate additional claim permanent variance

Employee Costs

(179,136)	Wages and associated employee expenses are lower than budget due to vacant positions. This is partly offset by kids central wages higher than budget due to later than anticipated handover to REED.
-----------	--

Materials and Contracts

59862	Museum expenditure shown as operating rather than capital. Review on project completion. Variance includes several non reportable variances below budget.
-------	---

Grants, Subsidies and Contributions

13778	Museum grant higher than budgeted. Will be offset by lower reserve transfer.
-------	--

Plant and Equipment

18182	Low loader was below budget.
-------	------------------------------

Furniture and Equipment

70000	Museum expenditure allocated to operating material expenditure.

ITEM 8.1.3 – COMMUNITY ARCHIVES POLICY

LOCATION/ADDRESS: Whole of Shire
 NAME OF APPLICANT: N/A
 FILE REFERENCE: 2.25.8
 DISCLOSURE OF INTEREST: Nil
 DATE OF REPORT: 14 May 2020

SUMMARY:

Council to review and consider the adoption of the Draft Community Archives Policy, with or without modification.

BACKGROUND:

The Shire of West Arthur has stored community archives and records on behalf of community groups. The size of the collection has increased to a point where it has become a requirement to put in place procedures for the management of these archives and records.

A draft policy has been prepared for Council consideration.

The draft policy provides clear direction to Shire staff and the community on the establishment and management of the districts community archives. It will apply to documents, objects and other items that document the cultural heritage of community groups or organisations within the Shire.

CONSULTATION:

Information on the process has been obtained from:

- Archives Management Course
- Visitation to Iona Archives
- Conversation and emails with Gerard Foley from the State Records Office
- Discussions with Natalie Evans from Australian Museums and Galleries Association WA
- <https://www.nla.gov.au/sites/default/files/starterkitcommunity.pdf>
- Simpsons Solicitors webpage in relation to ownership - <http://simpsons.com.au/online-resources/online-library/museums-galleries/>

Community groups will be consulted in accordance with the Policy.

STATUTORY ENVIRONMENT:

Local Government Act 1995 (WA)
 State Records Act 2000 (WA)
 Aboriginal Heritage Act 1972.
 Privacy Act 1988 (Commonwealth)
 Copyright Act 1968
 National Standards for Australian Museums and Galleries 1.5

POLICY IMPLICATIONS:

The Policy will be included in the Shire's Policy Register. There are no implications on other existing policies.

FINANCIAL IMPLICATIONS:

There will be expenditure associated with staff wages and stationary for storage which can be managed within existing budgets and long term financial plan.

The Shire has limited storage capacity. Reviewing materials may result in an initial reduction of the size of the collection, however if the archives exceed storage space in the future there may be a requirement to fund additional storage space.

STRATEGIC IMPLICATIONS:

The Shire of West Arthur Corporate Plan identifies that "Our cultural heritage will be preserved and sites of significance maintained/conserved for future generations." The following action relating to historical information and records is included in the Plan:

"Develop procedures and manage the retention of community historical archives."

COMMENT

The Shire will maintain procedures for the archives which will include the following:

- Acquisition
- Handling and storage - handling, cleaning, freezing, storing and risk management
- documentation and record keeping
- Access

VOTING REQUIREMENTS:

Simple majority

Council Policy

Community Archives Policy

Adopted *[adoption date]*
Amended *[dates and details of any amendments]*

1. Objective

To outline the role of the Shire and the Community in the establishment and management of a Community Archive Collection.

2. Scope

This policy applies to documents, objects or other items that document the cultural heritage of community groups or organisations with this Shire of West Arthur. It does not apply to records required for the daily management of community groups or organisations (such as financial records or documentation relating to incorporation).

3. Definitions

Deaccessioning - the administrative process of removing an item from the collection.

4. Policy Statement

4.1 What can be included in the Community Archives

The Community Archives will include historical documents and items from volunteer groups, clubs and organisations within the Shire of West Arthur. These groups may include craft groups, sports clubs, historical groups, church groups or other volunteer organisations.

Items stored in the Community Archives for each group can include (but are not limited to):

- Minute books
- Reports
- Ledgers
- Photographs
- Letters

4.2 Method of Acquisition

Community archives will initially comprise boxes currently stored by the Shire. Once the Archives are established, the Shire will advise other community groups that the option for storing historical items is available and then Community Archives will be acquired by donation from the community groups on an as required basis.

Acquisition may be limited by storage space available. This will need to be determined as Archives are sorted and stored. The method of acquisition will need to be modified once the initial influx of material is catalogued.

4.3 Acquisition Criteria

The Shire of West Arthur will consider the following criteria when assessing items for inclusion in the Community Archives:

- **Relevance** - The Shire will only retain items that relate to the community groups purpose and that have a historical importance in describing the cultural fabric of the group.
- **Significance** - Priority is given to objects which are significant for their historic, aesthetic, scientific/research or social/spiritual value.

- **Provenance** – Only items related to volunteer community groups based in the Shire of West Arthur will be included in the community archives.
- **Condition, intactness, integrity** - The condition of the object must be taken into consideration when assessing material for inclusion in the Archives. Badly damaged material will not normally be accepted into the collection.
- **Interpretive Potential** - Items that tell a story that adds to historical understanding of the group or organisation will be included.
- **Rarity** - Items may be prioritised if they are rare examples of a particular kind of object.
- **Representativeness** - Items may be prioritised if they are an excellent representative example of a particular kind of object
- **Duplications** - Items that duplicate items already in the archives will not be accepted unless they are of superior condition and/or historic value. In such a case the duplicate may be considered for deaccessioning.
- **Resource implications** - The Shire will consider its responsibility in relation to items that have highly specialised conservation, storage and display needs and the ability of the personnel to care for these items and the financial resources that maybe required to house such items. The Community Archives will largely be document based. Larger objects (such as uniforms) may be considered for inclusion in the Betty Brown Historical Centre.
- **Legal Requirements** – The Shire will only accept items where the legal ownership is transferred to the Shire.

4.4 Documentation and Record Keeping

The Shire shall at all times to maintain an effective documentation system in accordance with the Community Archives Collection Procedures Manual, 2020 (draft). All documentation including Archive Deposit Forms, Archive Agreement forms, Acquisition register and Database will be kept at the Shire office.

4.5 Storage and Conservation

The Community Archives will be stored in the Shire strong room in the Shire office. Additional storage maybe required and this will need to be determined after the initial establishment of the Archives.

4.6 Loans

The Shire will consider lending material to the relevant community group if requested by the community group that originally deposited the items in the Community Archives. Decisions relating to the borrowing of material will be made by the Shire representatives and will be undertaken on a case by case basis. The Shire will consider the length of time of the loan on a case by case basis.

4.7 Deaccessioning and Disposal

An object can be deaccessioned from the Community Archives collection if:

- It does not comply with the current collection policy of the Shire;
- It is damaged beyond repair;
- The conservation and storage costs for it are beyond the means of the Shire or the community group to which the object original belonged;
- It is a lesser quality duplicate of an object the Centre already owns;

- It lacks any supporting information to enable proper identification or to establish its relevance to the collection; and
- A substantiated request for the return of the object to the original community group is received. This could be the return of sacred material to Indigenous peoples.

Prior to an item being deaccessioned from the collection, the item identified for removal from the collection must be discussed with the relevant community group if it is still in operation, or a past member of that group if it is no longer in existence.

The community group's overseeing committee must discuss the relevance of the object and advise the Shire on the appropriateness of the items inclusion in the Community Archives taking into consideration the criteria stated above before it is disposed of.

Once an item has been deemed no longer suitable for inclusion in the Community Archives it should be returned to the community group if this group still exists, wherever possible. If the community group no longer exists then every effort should be made to contact a past member of the community group to discuss the item. If after a thorough search this is impossible, the following procedures should be followed in the order outlined below:

1. Transferred to another appropriate institution;
2. Sold by public auction, where appropriate;
3. Used as an educative/interpretive tool; or
4. Destroyed or recycled if appropriate.

In the event that the Shire needs to close the Community Archives, a resolution of council will be required.

5. Legislative and Strategic Context

ITEM 8.1.4 – BETTY BROWN HISTORICAL CENTRE COLLECTION AND MANAGEMENT POLICY

LOCATION/ADDRESS: Road board and meeting room in the West Arthur Community Resource Centre

NAME OF APPLICANT: ...

FILE REFERENCE:

DISCLOSURE OF INTEREST: Nil

DATE OF REPORT:

SUMMARY:

Council to review and consider the adoption of the Draft Betty Brown Historical Centre Collection and Management Policy, with or without modification.

BACKGROUND:

The Betty Brown Historical Centre (from here on referred to as “the Centre”) has been established in accordance with the bequest bestowed upon the Shire of West Arthur by Ms Betty Edith Brown. The Centre was opened on the 8 March 2020. A draft collection and management policy has been developed for the ongoing operation of the Centre.

CONSULTATION:

The development of the policy was undertaken with consultation from three members of the Community Resource Centre who are part of the Museum Reference Group, Shire staff, executors of Betty Brown’s estate and close friends of Betty’s, the Neil-Smiths.

Information and advice on the process of developing a collection and management policy has been obtained from:

- A significance assessment undertaken by Hocking Heritage Studio
- An interpretation plan by Savagely Creative
- Design development document and many discussions with Creative Spaces
- Telling our stories training program through Arts on the Move and Museums and Galleries WA
- Discussions with staff from the Australian Museums and Galleries Association WA
- Simpsons Solicitors webpage in relation to ownership - <http://simpsons.com.au/online-resources/online-library/museums-galleries/>

STATUTORY ENVIRONMENT:

Local Government Act 1995 (WA)

Aboriginal Heritage Act 1972.

Weapons Act 1999 and the Weapons Regulations 1999.

National Standards for Australian Museums and Galleries 1.5

First Peoples: A Roadmap for Enhancing Indigenous Engagement in Museums and Galleries

Guidelines of Ethical Practice of the Oral History Association of Australia

POLICY IMPLICATIONS:

The Policy will be included in the Shire’s Policy Register. There are no implications on other existing policies.

FINANCIAL IMPLICATIONS:

The ongoing management of the Centre will be funded by the Shire of West Arthur. A portion of the money bequeathed to the Shire by Ms Betty Brown (\$50,000) plus funds remaining from the establishment budget has been annexed for future development and management. In addition to the bequeathed funds, in the Shire’s long term planning an allocation of \$5,000 per annum has been included. Administration staff commitments will also be required for the continuing management of the collection.

Currently the Centre is limited to the Road Board Building, and an administration room in the Community Resource Centre. Donated articles can be quarantined in the administration room prior to entering in the Museum to minimise pest incursions.

STRATEGIC IMPLICATIONS:

The Shire of West Arthur Corporate Plan identifies that “Our cultural heritage will be preserved and sites of significance maintained/conserved for future generations.” The following action relating to the museum is included in the Plan:

“Finalise concepts and implement the Darkan Museum project and ongoing management of the museum.”

COMMENT

The Shire will maintain procedures for the day to day operations of the Betty Brown Historical Centre.

VOTING REQUIREMENTS:

Council Policy

Betty Brown Historical Centre Management and Collection Policy

Adopted *[adoption date]*
Amended *[dates and details of any amendments]*

1. Objective

This Management and Collection Policy will be used to guide the funding, establishment and management structure of the Betty Brown Historical Centre. In addition, it will assist with the collection and inclusion of items into the Betty Brown Historical Centre, in accordance with the key theme and sub-themes of the Centre. The procedures developed to implement these policies will be outlined in a separate document, the Collection Procedures Manual.

2. Scope

This Policy will apply to the Betty Brown Historical Centre and those involved in the management and operations thereof.

3. Definitions

Deaccessioning - the administrative process of removing an item from the collection.

4. Policy Statement

The Betty Brown Historical Centre and its collection are owned by the Shire of West Arthur. The Centre is housed in the Road Board building in the Health and Resource Centre. Normal access to the Centre will be during the CRC opening hours of 8.30am to 4.30pm with after hours by prior arrangement.

4.1 Centre Management

4.1.1 Museum Reference Group

The Centre will be managed by a Museum Reference Group (MRG) which will consist of a maximum of six members of which, up to three will be Shire of West Arthur Representatives (either staff or elected members) and up to three West Arthur Community Resource Centre (CRC) representatives (staff or nominated representatives). The MRG will be responsible for the operation of the Centre, the collection and cataloguing of items for inclusion in the Centre, and updating of policies and procedures associated with the Centre. The MRG will meet on an "as required" basis.

Specifically the MRG will be responsible for the following:

- Setting procedures and guidelines associated with the management of the Centre;
- Adopting and supporting the Collection Procedures Manual for the Centre;
- Approving the Centre content (e.g. information for inclusion on panels, items to be included in the Centre);
- Considering the annual budget needs and presenting to the Shire for budget consideration through the annual report;
- Developing the long term vision for the Centre both financially and strategically through the Centre's Forward Plan;
- Overseeing short term planning and determining how new exhibits or programmes will be funded;

- Approving significant changes to displays;
- Recommending use of reserve/renewal funds to the Shire;
- Approving who can open the Centre after hours/when it can be opened
- Maintaining contact with relevant peak bodies and networks, in particular Museums Australia (WA); and
- Identifying risks associated with the Centre and implementing strategies to manage these risks.

4.1.2 Role of Organisations in MRG

Each organisation within the MRG will have specifically allocated roles in the management of the Centre. The roles of each organisation are outlined below.

The Shire of West Arthur will be responsible for:

- Managing Centre funds;
- Meeting day to day operational and maintenance costs (power, cleaning materials, and consumables) excluding wages. All expenses are to be approved in advance by a Shire authorised officer;
- Insuring the items contained within the collection and the display cases and panels in the Centre;
- Cleaning the Centre a minimum of twice per week;
- Payment of remuneration to the CRC for operating the Centre as part of the Memorandum of Understanding between the Shire and the CRC; and
- Provision of staff to manage the Centre.

The CRC will be responsible for:

- Ensuring the Centre is accessible to the public during opening hours;
- Assisting visitors with enquiries;
- Having a good understanding of the Centre and assisting patrons with electronic devices associated with the Centre (e.g. iPad and headphones) and managing the upkeep of the software on these devices; and
- Ensuring the Centre is kept clean and tidy outside of normal Shire cleaning.

4.1.3 Centre Funding

The ongoing management of the Centre will be funded by the Shire of West Arthur. A portion of the money bequeathed to the Shire by Ms Betty Brown (\$50,000) plus funds remaining from the bequest following establishment has been annexed for future management. In addition to the bequeathed funds, the Shire will endeavour to allocate \$5,000 per annum, where possible, for the future upkeep and development of the Centre.

A donations box will be provided in the Centre and visitors will be encouraged to contribute to the donations box to assist with the Centre upkeep. Money from the donations tin will be managed by the Shire.

4.2 Collection Policy

The key theme for the Centre is to communicate the “Changing Role of Women in Agricultural Communities” with specific reference to the Shire of West Arthur. Subthemes of “Providing, Working, and Belonging” have been identified to assist with collection of items.

4.2.1 Method of Acquisition

The Centre will acquire objects for the permanent collection by donation, bequest, purchase or transfer. The Centre will consider conditional donations on a case by case basis. Loans will also be considered on a case by case basis. Decisions on items to acquire or loan will be made by the Museum Reference Group (MRG).

4.2.2 Acquisition Criteria

The MRG will consider the following criteria before approving acquisition of an object:

- **Relevance** - The Centre only collects objects that relate to the Centre's purpose and key collecting areas and will not indiscriminately acquire objects that are not related to the themes described here.
- **Significance** - Priority is given to objects which are significant for their historic, aesthetic, scientific/research or social/spiritual value.
- **Provenance and Documentation** - Priority will be given to objects from the Shire of West Arthur and surrounding areas where the history of the object is known and associated documentation and support material can be provided. However, material may be obtained from other areas for comparative purposes where this enhances understanding of the key themes within the collections.
- **Condition, intactness, integrity** - The condition of the object must be taken into consideration when acquiring material. Badly damaged material will not normally be accepted into the collection.
- **Interpretive Potential** - Objects that tell a story that adds to the interpretation of Centre themes will be prioritised.
- **Rarity** - Objects may be prioritised if they are rare examples of a particular kind of object.
- **Representativeness** - Objects may be prioritised if they are an excellent representative example of a particular kind of object
- **Duplications** - Objects that duplicate items already in the collection will not be accepted unless they are of superior condition and/or historic value. In such a case the duplicate may be considered for deaccessioning.
- **Legal Requirements** - The Centre only accept objects where the donor/vendor has legal title to the object.
- **Resource implications** - The Centre will considered its responsibility in relation to items that have highly specialised conservation, storage and display needs and the ability of the personnel to care for these items and the financial resources that maybe required to house such items.

4.7 Deaccessioning and Disposal

An object can be deaccessioned from the Centre's collection if:

- It does not comply with the current collection policy of the Centre;
- It is damaged beyond repair;
- The conservation and storage costs for it are beyond the means of the Centre;

- It is a lesser quality duplicate of an object the Centre already owns;
- It lacks any supporting information to enable proper identification or to establish its relevance to the collection; and
- A substantiated request for the return of the object to its original owner/donor is received. This could be the return of sacred material to Indigenous peoples.

Deaccessioning will be undertaken in accordance with Deaccession Procedures outlined in the Collection Procedures Manual.

In the event that the Centre needs to be closed, a resolution of council will be required.

ITEM 8.1.5 – REVIEW OF COMMUNITY STRATEGIC PLAN

LOCATION/ADDRESS: Whole of Shire
 NAME OF APPLICANT: N/A
 FILE REFERENCE: 2.9.1
 DISCLOSURE OF INTEREST: Nil
 DATE OF REPORT: 8 May 2020

SUMMARY:

This item relates to a review of the Shire of West Arthur Strategic Community plan 2017-2027. It was initially proposed to undertake a full review of the Plan this year, to coincide with recent Council elections, however due to COVID 19 and other time restraints only a desk top review has been undertaken with a full review proposed next financial year. The Local Government Act 1995 requires a full review every four years and a desktop review is recommended every two years. The last desktop review was undertaken in 2018.

Following adoption of the revised Strategic Community Plan, a review of the Corporate Business Plan will be undertaken prior to the June Council meeting.

BACKGROUND:

The Shire's Strategic Community Plan 2017-2027 has been reviewed with consideration for community views and refining the Plan.

It was initially proposed to undertake a full review of the Plan, however due to a shift in priorities responding to COVID-19 this has not been completed.

The key changes made to the Plan include:

1. Section 2
 - a. "About this Plan" changed to "Our Community Strategic Plan" – to encourage community and Shire ownership
 - b. Vision, mission and goals are now represented diagrammatically and moved to this section to make it easier to read and to provide more context to the development of the plan
 - c. Key stakeholders, documents and community contributions have been moved to this section to provide more context to the development of the plan
 - d. Shire's Planning framework has been tabulated to make it easier to read
 - e. A sentence has been added outlining the impact of COVID-19 on the review process
2. Section 3
 - a. The information in this section has been put into diagrams and tables to make it simpler and easier to read
 - b. Community Challenges are represented diagrammatically to make it easier to read
 - c. Actions have been tabulated and these include ongoing and completed since previous review to allow readers to understand the progress that has been made and to make it easier to read
 - d. Strategies with regional/subregional impacts - cultural event deleted (no longer considered regional), have added Astrotourism and Betty Brown Historical Centre, Beaufort Paleochannel, Wheatbelt secondary freight network which have all been developed since last review
 - e. Section 3.4 - Strategic risks now represented diagrammatically to make it easier to read
3. Section 4 -
 - a. Community Consultation has been put into a table to make it easier to read
 - b. New suggestions from the community collected at Sheepfest incorporated into this table (lifestyle and five year water management plan)
4. Section 5
 - a. Strategic directions have been colour coded and Goals, Outcomes, Strategies And Success criteria have been consolidated into tables and linked to make it easier to read and see what has been achieved
 - b. Section 5.4 - table has been reformatted to make it easier to read
5. Section 6
 - a. Financials updated and tabulated to make it easier to read
 - b. Any references to rate increases have been modified in accordance with current financial climate

- c. Asset and workforce have been updated - Kids Central reference deleted, current FTEs modified.

CONSULTATION:

The community were invited to provide input into the Plan at the Shire's stand at the Darkan Sheepfest held in February 2020. Additionally, consultation has been undertaken through the revision of the Lake Towerrinning Management Plan, and engagement with seniors during the development of the seniors meals program.

A community engagement plan will be developed prior to the full review in the coming financial year.

STATUTORY ENVIRONMENT:

It is a statutory requirement to review the Plan every four years and the guidelines recommended a desk top review every two years.

The Shire was not required to undertake a full review this year.

POLICY IMPLICATIONS:

There are no policy implications.

FINANCIAL IMPLICATIONS:

There are no direct financial implications from the adoption of the Plan. The Plan will be used to guide the Shire's Corporate Business Plan and forward budgets.

STRATEGIC IMPLICATIONS:

The reviewed plan will provide direction to Council in the preparation and adoption of the Corporate Plan.

VOTING REQUIREMENTS:

Absolute majority

OFFICER RECOMMENDATION – (ITEM 8.1.5)
--

That the Council adopts the revised Shire of West Arthur Strategic Community Plan 2017-2027 as attached.

1. Welcome from the Shire President

The Shire of West Arthur Strategic Community Plan 2017-2027 was the first full review of the Strategic Community Plan prepared in 2013 as a requirement of the Integrated Planning and Reporting Framework and Guidelines.

Following a number of community engagement activities in late 2017, a desktop review of the Plan was undertaken in 2018. A full review will be undertaken after the 2019 local government elections and prior to the preparation of the 2020/21 Budget.

During the past five years there has been some significant infrastructure development that has assisted to meet the community's vision including the completion of the Darkan Town Hall redevelopment, completion of eight new aged persons housing units, completion of the Darkan Light Industrial Area extension, Collie Darkan Rail Trail extension, and Darkan Caravan Park redevelopment. Other projects that are still in progress include Darkan railway reserve redevelopment, Lake Towerrinning enhancement project, and expansion of the Health and Resource Centre.

As we look into the next ten years, funding for projects will be far more competitive and limited which will result in the Shire focusing more on services, community development, asset maintenance and preservation activities, and advocacy to ensure that the Shire remains a safe, sustainable and vibrant place to live.

This plan is the overarching guide for the future of our Shire and drives the community's vision. It identifies how the Shire will address issues like reduced funding, encouraging economic development, ensuring community vitality, and retention and enhancement of services. It is Council's commitment to achieving the vision and the community's aspirations.

The Shire has carried out a number of community engagement activities to ensure the Plan aligns with the desires, expectations and vision of local residents and ratepayers. Thank you to the community members who responded to surveys, met with Shire staff, participated in focus group planning, and attended the Enterprising Communities workshops.

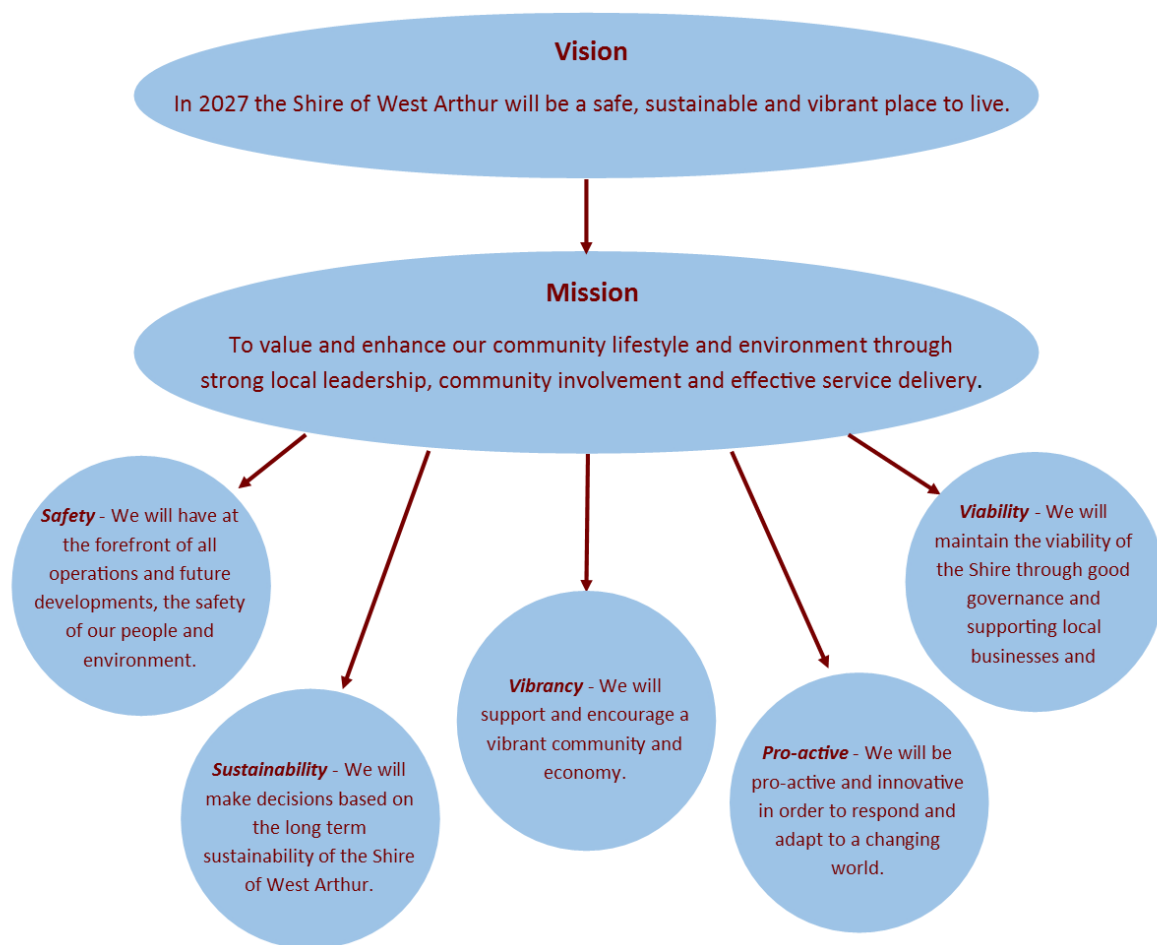

The ongoing viability of this Shire and community will continue to be at the forefront of all deliberations of Council. We look forward to implementing the Plan.

Ray Harrington
Shire President

2. Our Community Strategic Plan

This document is the Shire’s principal 10-year strategy and planning document and guides the development of other plans. This Plan has been prepared with reference to local strategies and takes into consideration input from community surveys, and various local stakeholder groups which has shaped our vision, mission and values.

The purpose of this plan is to give a clear sense of direction with priority areas and key goals for the community and the Shire for the next ten years. It should be read with the Corporate Plan which outlines the actions that will be undertaken to achieve each of the key goals.

2.1 Key Stakeholders and Documents

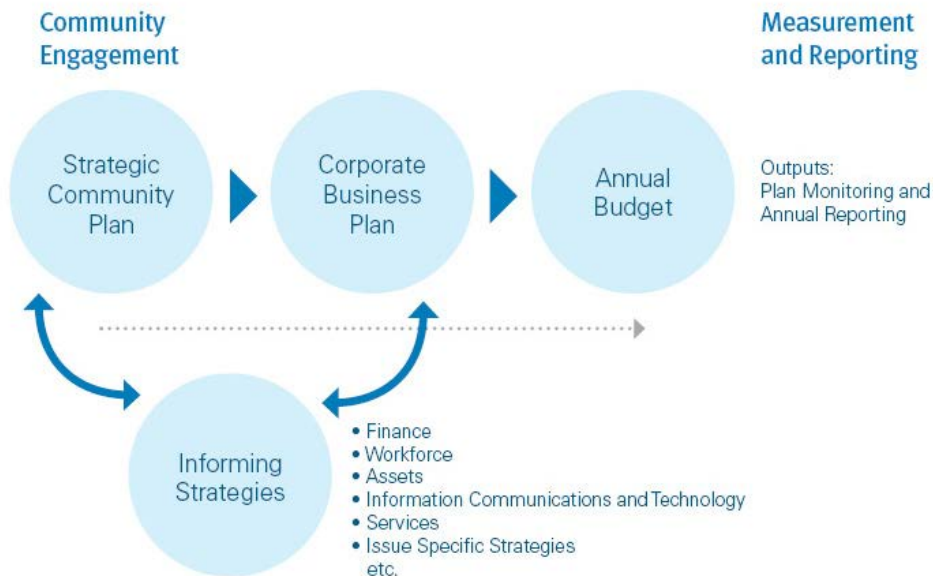

The Shire of West Arthur is a stakeholder in the Wheatbelt Blueprint and Wheatbelt South Sub-Regional Economic Strategy. This analysis has been undertaken within the context of Federal and State planning.

Federally the Shire of West Arthur collaborates closely with Regional Development Australia – Wheatbelt and is a stakeholder in the RDA Wheatbelt Regional Plan in particular infrastructure and telecommunications strategies.

Our community has contributed to this plan through the following community engagement opportunities

Community survey (42 responses).
Youth focus planning through direct surveys, focus group meetings and in person during youth week activities
Seniors focus planning by the Shire’s seniors support officer directly with seniors.
Landcare workshop and development of Landcare strategy by Blackwood Basin Group.
Lake Towerrinning Management Plan review including stakeholder meeting
Reference to stakeholder group meetings including Kids Central members and Arthur River Development Group meetings.
Enterprising Communities Workshops.
Contributions made by the community at the Shire display at Sheepfest

2.2 The Shire’s Planning framework

Elements of Integrated Planning and Reporting Framework

The Shire's planning framework is reviewed and updated in accordance with Section 5.56 of the local Government Act 1995 and Section 19DA of the Local Government (Administration) Regulations 1996. The table below outlines the review schedule required.

Element	Review Frequency
Community Strategic Plan 2017-2027	Minor review every 2 years (2018, 2020) Major review ever 4 years consisting of comprehensive community consultation (next review 2021)
Corporate Business Plan	Reviewed annually as part of the budgeting process
Supporting Plans and Strategies	Reviewed as specified with latest version available on the Shire website

Initial plans were for a complete review of the plan in 2020 to align with Council elections, however the COVID pandemic in March 2020 resulted in a desktop review only in 2020 with the intention of undertaking a full review in 2021. This 2020 desktop review was adopted by absolute majority at the June 2020 Council Meeting.

3. Context

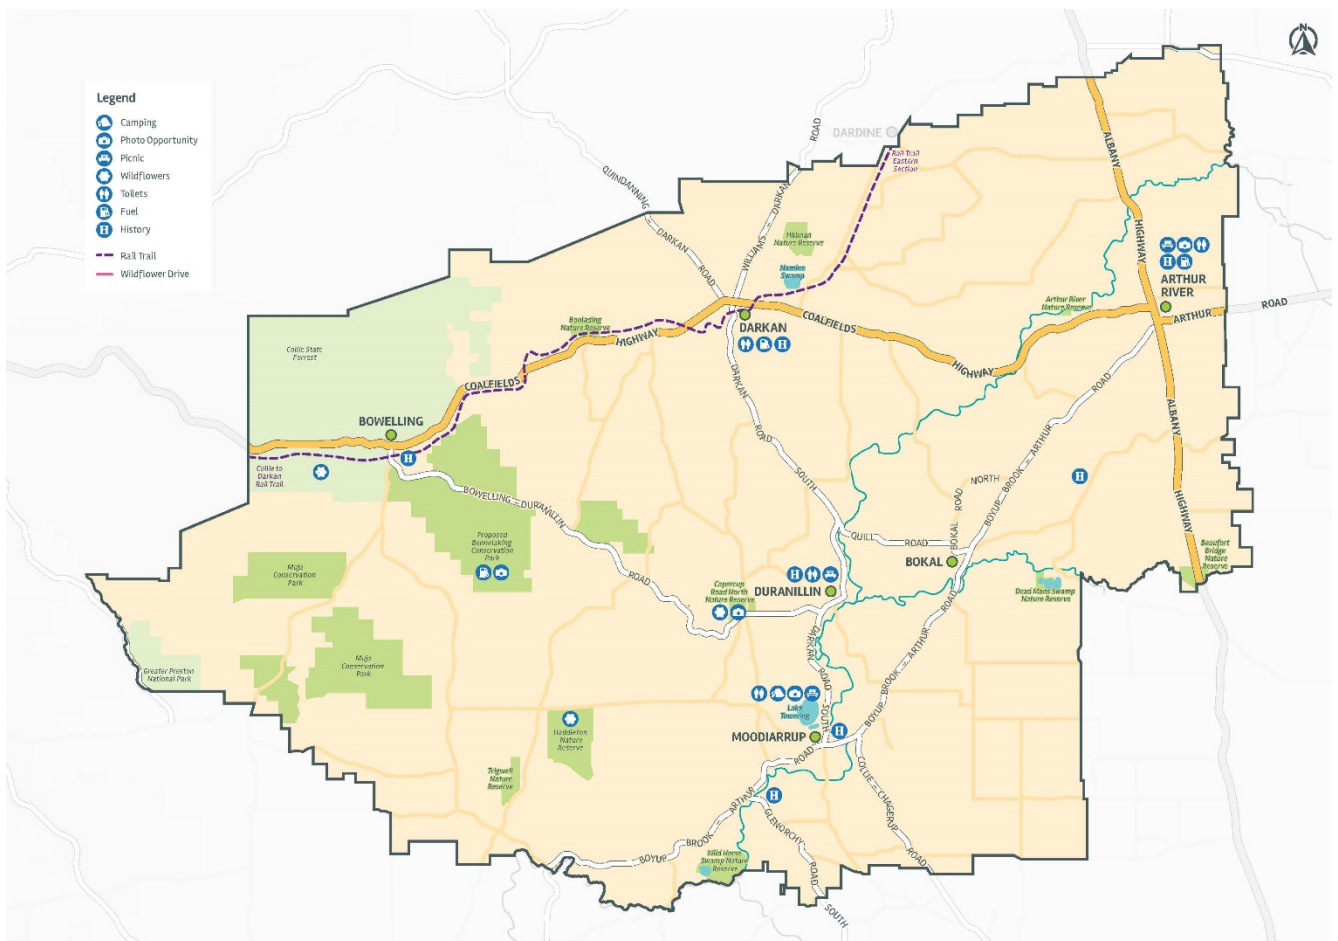

3.1 Community and Economic Profile

Situated 204 kilometres south of Perth and 115 kilometres east of Bunbury, the Shire of West Arthur is nestled between the forests of the South-west and the Wheatbelt with the western side of the Shire characterised by bush and forest and the eastern side predominantly broad acre farming with less than 5% remnant bush.

At 2580 sq. kilometres it is one of the larger shires in the area and includes Lake Towerrinning, agricultural and bush land, and nature reserves. It is home to unique flora and abundant wildlife, steeped in history and is characterised by an agricultural economy.

The Noongar people were the first inhabitants of the area, moving about the Shire for food, shelter and social interaction. British explorers arrived in the 1830s seeking suitable farming land to develop. In 1908 the railway line opened from Narrogin to Collie and with it brought rapid development of the Shire and in particular agriculture. Today 82% of privately owned land is used for agriculture.

Darkan is the main town and administrative centre of the Shire and a number of smaller localities and settlements are scattered through-out the Shire.

Outcome 5.3 - Strong leadership in advocacy and planning to ensure sustainability of the Shire

Strategies	We will measure our success by
<ul style="list-style-type: none"> • The Council will advocate and lobby to meet the needs of the local community • The Council will provide leadership to the community in local government reform. • Strategic alliances will be formed and fostered to achieve maximum outcomes for the Shire and region. 	<ul style="list-style-type: none"> • Number of regional meetings attended by elected members and staff. • Number of meetings held or coordinated with state or federal representatives.

Outcome 5.4 – Active engagement with the Community to optimise input into planning and decision making.

Strategies	We will measure our success by
<ul style="list-style-type: none"> • Community engagement strategies will be integrated into planning and decision making. • Community participation with Council will be facilitated through a variety of methods. • Partnerships and relationships will be formed and maintained that nurture community interests and support community capacity building and good governance 	<ul style="list-style-type: none"> • Number of forums, meetings or workshops held with the community on local issues.

5.4 Decision Making Criteria

(how Council assesses costs, benefits and risks in making choices)

In assessing opportunities and requests, Council takes into consideration the following:

Long term vision and strategic direction	Is it aligned with the Shire's strategic direction?
Compliance and risk	Is it a compliance requirement or necessary to reduce risk and exposure to the Shire? Are there any compliance requirements associated with it and what are the risks of proceeding or not with consideration for financial implications, legislation, staff and community welfare, reputation and ethics?
Costs	What, if any, implications will there be on the long term financial plan, is this acceptable to Council and would it be acceptable to the community? What is required to manage the whole of life costs? Resourcing requirements - can it be done within existing staff resources or will we need to employ more staff? Does it replace anything that could be discontinued or potential for other efficiencies to reduce costs?
Equity/Fairness	Is it equitable distribution of funds across the community now and over time?
Environment	What is the impact on the built and natural environment?
Cost Benefit Analysis	What is the return on benefits to the Shire and the community for the expense required?

6.0 Resourcing Implications

This Strategic Community Plan was developed with an understanding of our current and anticipated future resource capacity.

6.0 Resourcing Implications

This Strategic Community Plan was developed with an understanding of our current and anticipated future resource capacity.

6.1 Financial

Ensuring minimal increases in rates has been a priority for Council in the past. There have been low to moderate rate increases in the past and this is also a priority for the future. The Shire's 2019 long term financial plan is based on a 2.6% rate increase in the 2020/21 and 2021/22 financial years and 3% increases each year thereafter. When finalising the Shire's 2020 Corporate Plan, Council will consider lowering the rate increase in the 2020/21 financial year due to the current financial climate.

The Shire of West Arthur prides itself on being in a sound financial position with reserves established to meet long term asset replacement plans (some with funds matched by community groups) and low borrowings.

As at 30 June 2019, the Shire had:	
Cash backed reserves	\$1,756,241
Property Plant and Equipment	\$16,803,645
Infrastructure Assets	\$85,183,922
Loans	\$806,535
Annual Rate Revenue	\$1,674,054

The Shire does however, have a number of buildings and other infrastructure that require upgrading including community halls, staff housing, footpaths and playgrounds. Replacing this ageing asset base whilst continuing to improve road infrastructure, and maintaining minimal to moderate rate increases represents a significant challenge for the Shire.

Over the recent past the Shire has been fortunate to attract a number of grants which have assisted us to provide new or upgraded infrastructure for the community and most of the Shire sporting facilities and special purpose buildings are currently in very good condition and well backed by reserves. We have relied heavily on grants to achieve the current condition of our infrastructure and it is recognised that these grants may not be available in the future and, where funding is available, it is likely to become more competitive.

The Corporate Plan outlines actions and projects aligned to the strategies of the Community Plan and a Long Term Financial Plan demonstrates that the Shire can achieve the outcomes of this Plan sustainably provided Council is cautious about commitments to expenditure, and efficiencies are implement where possible. The Shire may not be able to meet all of the community's expectations, however the West Arthur community is known for its resourcefulness and will be supported by the Shire where possible.

6.2 Asset and Workforce Requirements

The Shire's current workforce includes:

- Chief Executive Officer
- Finance, Administration and Community Support Services (4.6 FTE including managers)
- Additional project officers as approved through the budget process or otherwise by Council.
- Works Manager and 17.5 FTE support staff including supervisors, operators, mechanic, builder, and gardeners.
- Cleaning staff (1.3 FTE)

ITEM 8.1. 6 – NATIONAL REDRESS SCHEME

LOCATION/ADDRESS:	Whole of Shire
NAME OF APPLICANT:	Department of Local Government Sport and Cultural Industries
FILE REFERENCE:	2.21.2
DISCLOSURE OF INTEREST:	Nil
DATE OF REPORT:	4 May 2020

SUMMARY:

This item is for the Council to consider formally endorsing the Shire's participation as part of the WA Government's declaration in the National Redress Scheme and to grant authority to the Chief Executive Officer to execute a service agreement with the State, if a Redress application is received.

BACKGROUND:

The Royal Commission into Institutional Responses to Child Sexual Abuse (Royal Commission) was established in 2013 to investigate failures of public and private institutions to protect children from sexual abuse. The Royal Commission released three reports throughout the inquiry:

- Working with Children Checks (August 2015);
- Redress and Civil Litigation (September 2015); and
- Criminal Justice (August 2017).

The Royal Commission's Final Report (15 December 2017) incorporated findings and recommendations of the three previous reports and contained a total of 409 recommendations, of which 310 are applicable to the Western Australian Government and the broader WA community.

The implications of the Royal Commission's recommendations are twofold: the first is accountability for historical breaches in the duty of care that occurred before 1 July 2018 within any institution; the second is future-facing, ensuring better child safe approaches are implemented holistically moving forward.

The scope of this report addresses only the historical element of institutional child sexual abuse through the National Redress Scheme.

All levels of Australian society (including the WA local government sector and the Shire of West Arthur) will be required to consider leading practice approaches to child safeguarding separately in the future.

National Redress Scheme

The Royal Commission's *Redress and Civil Litigation (September 2015)* Report recommended the establishment of a single National Redress Scheme (the Scheme) to recognise the harm suffered by survivors of institutional child sexual abuse.

The Scheme acknowledges that children were sexually abused, recognises the suffering endured, holds institutions accountable and helps those who have been abused access counselling, psychological services, an apology and a redress payment.

The Scheme commenced on 1 July 2018, will run for 10 years and offers eligible applicants three elements of Redress:

- A direct personal response (apology) from the responsible institution, if requested;
- Funds to access counselling and psychological care; and
- A monetary payment of up to \$150,000.

All State and Territory Governments and many major non-government organisations and church groups have joined the Scheme.

The WA Parliament has passed the legislation for the Government and WA based non-government organisations to participate in the National Redress Scheme.

The Western Australian Government (the State) started participating in the Scheme from 1 January 2019.

Under the *National Redress Scheme for Institutional Child Sexual Abuse Act 2018* (Cth), local governments may be considered a State Government institution.¹

A decision was made at the time of joining the Scheme to exclude WA local governments from the State Government's participation declaration. This was to allow consultation to occur with the sector about the Scheme, and for fuller consideration of how the WA local government sector could best participate.

Following extensive consultation, the State Government (December 2019):

- Noted the consultations undertaken to date with the WA local government sector about the National Redress Scheme;
- Noted the options for WA local government participation in the Scheme;
- Agreed to local governments participating in the Scheme as State Government institutions, with the State Government covering payments to the survivor; and
- Agrees to the Department of Local Government, Sport and Cultural Industries (DLGSC) leading further negotiations with the WA local government sector regarding local government funding costs, other than payments to the survivor including counselling, legal and administrative costs.

The following will be covered for local governments participating in the Scheme as a State Government institution and part of the State's declaration:

- Redress monetary payment provided to the survivor;
- Costs in relation to counselling, legal and administration (including the coordination of requests for information and record keeping in accordance with the *State Records Act 2000*); and
- Trained staff to coordinate and facilitate a Direct Personal Response (DPR – Apology) to the survivor if requested (on a fee for service basis with costs to be covered by the individual local government – see below for further explanation).

State Government financial support for local government participation in the Scheme, as set out, will ensure that Redress is available to as many WA survivors of institutional child sexual abuse as possible.

Individual local governments participating in the Scheme as a State Government institution, with the State will be responsible for:

- Providing the State with the necessary (facilities and services) information to participate in the Scheme;
- Resources and costs associated with gathering their own (internal) information and providing that information (Request for Information) to the State (if they receive a Redress application); and
- Costs associated with the delivery of a DPR (apology), if requested (based on a standard service fee, plus travel and accommodation depending on the survivor's circumstance). The State's decision includes that all requested DPR's will be coordinated and facilitated by the Redress Coordination Unit – Department of Justice, on every occasion.

The WALGA State Council meeting of 4 March 2020:

1. Acknowledged the State Government's decision to include the participation of Local Governments in the National Redress Scheme as part of the State's declaration;
2. Endorsed the negotiation of a Memorandum of Understanding and Template Service Agreement with the State Government, and
3. Endorsed by Flying Minute the Memorandum of Understanding prior to execution, in order to uphold requirements to respond within legislative timeframes.

The State and WALGA will sign a Memorandum of Understanding to reflect the principles of WA local governments participating in the Scheme as State Government institutions and being part of the State's declaration.

State agencies (led by DLGSC), WALGA and Local Government Professionals WA will support all local governments to prepare to participate in the Scheme from 1 July 2020 (or earlier, subject to completing the necessary arrangements).

The State's decision allows for the WA Government's Scheme participation declaration to be amended to include local governments and this report seeks endorsement of the Shire of West Arthur's participation in the Scheme.

As an independent entity and for absolute clarity, it is essential that the Shire formally indicates via a decision of Council, the intention to be considered a State Government institution (for the purposes on the National Redress Scheme) and be included in the WA Government's amended participation declaration.

The Shire of West Arthur will not be included in the State's amended declaration, unless it formally decides to be included.

The financial and administrative coverage offered by the State will only be afforded to WA local governments that join the Scheme as a State Government institution, as part of the State's amended declaration.

The option also exists for the Shire of West Arthur to formally decide not to participate in the Scheme (either individually or as part of the State's declaration).

Should the Shire of West Arthur formally decide (via a resolution of Council) not to participate with the State or in the Scheme altogether, considerations for the Shire of West Arthur include:

- Divergence from the Commonwealth, State, WALGA and the broader local government sector's position on the Scheme (noting the Commonwealth's preparedness to name-and-shame non-participating organisations).
- Potential reputational damage at a State, sector and community level.
- Complete removal of the State's coverage of costs and administrative support, with the Shire of West Arthur having full responsibility and liability for any potential claim.
- Acknowledgement that the only remaining method of redress for a victim and survivor would be through civil litigation, with no upper limit, posing a significant financial risk to the Shire of West Arthur.

1. Executing a Service Agreement

All Royal Commission information is confidential, and it is not known if the Shire will receive a Redress application. A Service Agreement will only be executed if the Shire receives a Redress application.

The Shire needs to give authority to an appropriate position / officer to execute a service agreement with the State, if a Redress application is received. Timeframes for responding to a Request for Information are 3 weeks for priority applications and 7 weeks for non-priority applications. A priority application timeframe (3 weeks) will be outside most Council meeting cycles and therefore it is necessary to provide the authorisation to execute an agreement in advance.

2. Reporting to Council if / when an application is received

Council will receive a confidential report, notifying when a Redress application has been received. All information in the report will be de-identified but will make Council aware that an application has been received.

3. Application Processing / Staffing and Confidentiality

The Shire's CEO will be responsible for receiving applications and responding to Requests for Information;

4. Record Keeping

The State Records Office advised (April 2019) all relevant agencies, including Local Governments, of a 'disposal freeze' initiated under the *State Records Act 2000* (the Act) to protect past and current records

that may be relevant to actual and alleged incidents of child sexual abuse. The Shire's record keeping practices as a result, have been modified to ensure the secure protection and retention of relevant records. These records (or part thereof) may be required to be provided to the State's Redress Coordination Unit in relation to a Redress application.

The Redress Coordination Unit (Department of Justice) is the state record holder for Redress and will keep copies of all documentation and RFI responses. Local Governments will be required to keep their own records regarding a Redress application in a confidential and secure manner, and in line with all requirements in *The Act*.

5. Redress Decisions

Decisions regarding Redress applicant eligibility and the responsible institution(s), are made by Independent Decision Makers, based on the information received by the applicant and any RFI responses. The State Government and the Shire do not have any influence on the decision made and there is no right of appeal.

CONSULTATION

The State, through the Department of Local Government, Sport and Cultural Industries (DLGSC), consulted with the WA local government sector and other key stakeholders on the Royal Commission into Institutional Responses to Child Sexual Abuse (in 2018) and the National Redress Scheme (in 2019).

The consultation throughout 2019 has focused on the National Redress Scheme with the aim of:

- raising awareness about the Scheme;
- identifying whether WA local governments are considering participating in the Scheme;
- identifying how participation may be facilitated; and
- enabling advice to be provided to Government on the longer-term participation of WA local governments.

Between March and May 2019, DLGSC completed consultations that reached 115 out of 137 WA local governments via:

- Webinars to local governments, predominately in regional and remote areas;
- Presentations at 12 WALGA Zone and Local Government Professional WA meetings;
- Responses to email and telephone enquiries from individual local governments.

It was apparent from the consultations local governments were most commonly concerned about the:

- potential cost of Redress payments;
- availability of historical information;
- capacity of local governments to provide a Direct Personal Response (apology) if requested by Redress recipients;
- process and obligations relating to maintaining confidentiality if Redress applications are received, particularly in small local governments;
- lack of insurance coverage of Redress payments by LGIS, meaning local governments would need to self-fund participation and Redress payments.

LGIS published and distributed an update (April 2019) regarding the considerations and (potential) liability position of the WA local government sector in relation to the National Redress Scheme.

The WALGA State Council meeting on 3 July 2019 recommended that:

1. *WA local government participation in the State's National Redress Scheme declaration with full financial coverage by the State Government, be endorsed in principle, noting that further engagement with the sector will occur in the second half of 2019.*
2. *WALGA continue to promote awareness of the National Redress Scheme and note that local governments may wish to join the Scheme in the future to demonstrate a commitment to the victims of institutional child sexual abuse.*

DLGSC representatives presented at a WALGA hosted webinar on 18 February 2020 and presented at all WALGA Zone meetings in late February 2020.

The State's decision, in particular to cover the costs / payments to the survivor, has taken into account the feedback provided by local governments during the consultation detailed above.

STATUTORY ENVIRONMENT:

The Shire of West Arthur in agreeing to join the Scheme, is required to adhere to legislative requirements set out in the *National Redress Scheme for Institutional Child Sexual Abuse Act 2018* (Cth).

Authorisation of an appropriately appointed person to execute a service agreement with the State, if a Redress application is received, will be in accordance with s.9.49A(4) of the *Local Government Act 1995*.

FINANCIAL IMPLICATIONS:

The State's decision will cover the following financial costs for local governments:

- Redress monetary payment provided to the survivor;
- Costs in relation to counselling, legal and administration (including the coordination or requests for information and record keeping); and
- Trained staff to coordinate and facilitate a Direct Personal Response (DPR – Apology) to the survivor if requested (on a fee for service basis with costs to be covered by the individual local government – see below).

The only financial cost the local government may incur will be the payment of the DPR's, which is on an 'as requested' basis by the survivor. This will be based on the standard service fee of \$3,000 plus travel and accommodation depending on the survivor's circumstances. All requested DPR's will be coordinated and facilitated by the Redress Coordination Unit – Department of Justice.

The State's decision also mitigates a significant financial risk to the local government in terms of waiving rights to future claims. Accepting an offer of redress has the effect of releasing the responsible participating organisation and their officials (other than the abuser/s) from civil liability for instances of sexual abuse and related non-sexual abuse of the person that is within the scope of the Scheme. This means that the person who receives redress through the Scheme, agrees to not bring or continue any civil claims against the responsible participating organisation in relation to any abuse within the scope of the Scheme.

1. SUMMARY - WA LOCAL GOVERNMENT: ROYAL COMMISSION AND REDRESS

The Western Australian Government (the State), through the Department of Local Government, Sport and Cultural Industries (DLGSC), has been consulting with the WA local government sector and other key stakeholders on the Royal Commission into Institutional Responses to Child Sexual Abuse (in 2018) and the National Redress Scheme (in 2019).

The consultation throughout 2019 has focused on the National Redress Scheme (the Scheme) with the aim of:

- raising awareness about the Scheme;
- identifying whether WA local governments are considering participating in the Scheme;
- identifying how participation may be facilitated; and
- enabling advice to be provided to Government on the longer-term participation of WA local governments.

Following this initial consultation and feedback gathered, the State Government considered a range of options regarding WA local government participation in the Scheme and reached a final position in December 2019.

DLGSC, supported by the Departments of Justice and Premier and Cabinet, will again engage with WA local governments in early 2020, to inform of the:

- State's decision and the implications for the sector (see [Section 4](#));
- Support (financial and administrative) to be provided by the State; and
- Considerations and actions needed to prepare for participation in the Scheme from 1 July 2020 (see [Section 5](#)).

DLGSC's second phase of engagement with WA local governments is summarised in the table below:

2. CURRENT SITUATION - WA LOCAL GOVERNMENT PARTICIPATION IN THE NATIONAL REDRESS SCHEME

The WA Parliament passed the legislation required to allow for the Government and WA based non-government institutions to participate in the National Redress Scheme. The *National Redress Scheme for Institutional Child Sexual Abuse (Commonwealth Powers) Act 2018* (WA) took effect on 21 November 2018.

The WA Government commenced participating in the Scheme from 1 January 2019.

The State Government's Redress Coordination Unit within the Office of the Commissioner for Victims of Crime, Department of Justice:

- Acts as the State Government's single point of contact with the Scheme;
- Coordinates information from State Government agencies to the Scheme; and
- Coordinates the delivery of Direct Personal Responses (DPR) to redress recipients (at their request) by responsible State Government agencies to redress recipients.

CURRENT TREATMENT OF WA LOCAL GOVERNMENTS IN THE SCHEME

Under the *National Redress Scheme for Institutional Child Sexual Abuse Act 2018* (Cth), Local Governments may be considered a State Government institution.¹

There are several considerations for the State Government and Local Governments (both individually and collectively) about joining the Scheme.

The State Government considers a range of factors relating to organisations or bodies participation in the Scheme, before their inclusion in the declaration as a State Government institution. These factors include the capability and capacity of the agencies or organisations to:

- Respond to requests for information from the State Government's Redress Coordination Unit within prescribed timeframes;
- Financially contribute to the redress payment made by the Scheme on behalf of the agency or body; and
- Comply with the obligations of participating in the Scheme and the Commonwealth legislation.

A decision was made at the time of joining the Scheme to exclude WA local governments from the State Government's declaration. This was to allow consultation to occur with the local government sector about the Scheme, and for fuller consideration to be given to the mechanisms by which the sector could best participate in the Scheme.

¹ Section 111(1)(b).

3. CONSULTATION TO DATE WITH WA LOCAL GOVERNMENT SECTOR

The Department of Local Government, Sport and Cultural Industries (DLGSC) has been leading an information and consultation process with the WA local government sector about the Scheme. The Departments of Justice and Premier and Cabinet (DPC) have been supporting DLGSC in the process, which aimed to:

- Raise awareness about the Scheme;
- Identify whether local governments are considering participating in the Scheme;
- Identify how participation may be facilitated; and
- Enable advice to be provided to Government on the longer-term participation of WA local governments.

DLGSC distributed an initial *Information and Discussion Paper* in early January 2019 to WA local governments, the WA Local Government Association (WALGA), Local Government Professionals WA (LG Pro) and the Local Government Insurance Scheme (LGIS). Between March and May 2019, DLGSC completed consultations that reached 115 out of 137 WA local governments and involved:

- an online webinar to 35 local governments, predominantly from regional and remote areas;
- presentations at 12 WALGA Zone and LG Pro meetings; and
- responses to email and telephone enquiries from individual local governments.

It was apparent from the consultations that the local government sector had, at the time, a very low level of awareness of the Scheme prior to the consultations occurring, and that little to no discussion had occurred within the sector or individual local governments about the Scheme. Local governments were most commonly concerned about the:

- Potential cost of redress payments;
- Availability of historical information;
- Capacity of local governments to provide a Direct Personal Response (apology) if requested by redress recipients;
- Process and obligations relating to maintaining confidentiality if redress applications are received, particularly in small local governments;
- Lack of insurance coverage of redress payments by LGIS, meaning local governments would need to self-fund participation and redress payments.

LGIS Update (April 2019) – National Redress Scheme

LGIS published and distributed an update regarding the considerations and (potential) liability position of the WA local government sector in relation to the National Redress Scheme.

WALGA State Council Resolution

The WALGA State Council meeting of 3 July 2019 recommended that:

1. *WA local government participation in the State's National Redress Scheme declaration with full financial coverage by the State Government, be endorsed in principle, noting that further engagement with the sector will occur in the second half of 2019.*
2. *WALGA continue to promote awareness of the National Redress Scheme and note that local governments may wish to join the Scheme in the future to demonstrate a commitment to the victims of institutional child sexual abuse.*

It is understood that this recommendation was made with knowledge that it is ultimately a State Government decision as to whether:

- Local governments can participate in the Scheme as part of the State's Government's declaration; and
- The State Government will fund local government redress liability.

4. WA GOVERNMENT DECISION - FUTURE PARTICIPATION OF WA LOCAL GOVERNMENTS IN THE NATIONAL REDRESS SCHEME

Following the initial consultation process, a range of options for local government participation in the Scheme were identified by the State Government including:

1. WA Local governments be **excluded** from the State Government's declaration of participating institutions.

This means that: local governments may choose not to join the Scheme; or join the Scheme individually or as group(s), making the necessary arrangements with the Commonwealth and self-managing / self-funding all aspects of participation in the Scheme.

2. WA Local governments be **included** in the State Government's declaration of participating institutions.

There were three sub-options for ways local government participation as a State Government institution could be accommodated:

- a. Local governments cover all requirements and costs associated with their participation;
- b. The State Government covers payments to the survivor arising from local governments' participation, with costs other than payments to the survivor (including counselling, legal and administrative costs) being funded by local governments; or
- c. An arrangement is entered into whereby the State Government and local governments share the requirements and costs associated with redress – for example, on a capacity to pay and deliver basis.

The State Government considered the above options and resolved via the Community Safety and Family Support Cabinet Sub-Committee (December 2019) to:

- Note the consultations undertaken to date with the WA local government sector about the National Redress Scheme;
- Note the options for WA local government participation in the Scheme;
- Agree to local governments participating in the Scheme as State Government institutions, with the State Government covering payments to the survivor; and
- Agree to the DLGSC leading further negotiations with the WA local government sector regarding local government funding costs, other than payments to the survivor including counselling, legal and administrative costs.

KEY ASPECTS OF THE STATE'S DECISION

For clarity, the State's decision that means the following financial responsibilities are to be divided between the State Government and the individual local government that has a Redress application submitted, and then subsequently accepted by the Scheme Operator as a Redress claim.

State Government

The State Government will cover the following:

- Redress monetary payment provided to the survivor;
- Costs in relation to counselling, legal and administration (including the coordination of requests for information and record keeping); and
- Trained staff to coordinate and facilitate a Direct Personal Response or DPR (Apology) to the survivor if requested (on a fee for service basis with costs covered by the individual local government – see below).

Individual Local Government

The individual local government will be responsible for:

- Costs associated with gathering their own (internal) information if requested in a Redress application;
- Providing the State with the necessary information to participate in the Scheme; and
- Costs associated the delivery of a DPR (based on a standard service fee, plus travel and accommodation depending on the survivor's circumstance). *

* note – The State's decision includes that all DPR's will be coordinated and facilitated by the Redress Coordination Unit (Department of Justice) on every occasion, if a DPR is requested by the survivor.

This decision was made on the basis that:

- State Government financial support for local government participation in the Scheme, as set out, will ensure that redress is available to as many WA survivors of institutional child sexual abuse as possible.
- The demonstration of leadership by the State Government, as it will be supporting the local government sector to participate in the Scheme and recognising the WALGA State Council resolution of 3 July 2019, is consistent with the local government sector's preferred approach.
- Contributes to a nationally consistent approach to the participation of local governments in the Scheme, and particularly aligns with the New South Wales, Victorian and Tasmanian Governments' arrangements. This provides opportunity for the State Government to draw on lessons learned through other jurisdictions' processes.
- Ensures a consistent and quality facilitation of a DPR (by the State) if requested by the survivor.
- State Government financial support for any local government redress claims does not imply State Government responsibility for any civil litigation against local governments.

Noting the State's decision, a range of matters need to be considered and arrangements put in place to facilitate local governments participating with the State Government's declaration and meeting the requirements of the Scheme. Those arrangements will:

- provide for a consistent response to the Scheme by WA Government institutions, and for WA survivors accessing the Scheme; and
- mitigate concerns raised by local governments during consultations about complying with the processes and requirements of the Scheme.

5. CONSIDERATIONS FOR WA LOCAL GOVERNMENTS

Following the State's decision, a range of matters need to be considered by each local government and in some cases, actions taken in preparation for participating in the Scheme, these include:

CONFIDENTIALITY

- Information about applicants and alleged abusers included in RFIs (Requests for Information) is sensitive and confidential and is considered protected information under *The National Redress Act*, with severe penalties for disclosing protected information.
- Individual local governments will need to consider and determine appropriate processes to be put in place and staff members designated to ensure information remains confidential.

APPLICATION PROCESSING / STAFFING

- The timeframes for responding to an RFI are set in *The Act* and are 3 weeks for priority application and 7 weeks for non-priority applications. This RFI process will be supported by the State (DLGSC and the Redress Coordination Unit).
- Careful consideration should be given to determining which position will be responsible for receiving applications and responding to RFIs, due to the potentially confronting content of people's statement of abuse.
- Support mechanisms should be in place for these staff members, including access to EAP (Employee Assistance Program) or other appropriate support.
- The need for the appointed position and person(s) to have a level of seniority in order to understand the magnitude of the undertaking and to manage the potential conflicts of interest.
- The responsible position(s) or function(s) would benefit from being kept confidential in addition to the identity of the person appointed to it.

RECORD KEEPING

- The Redress Coordination Unit (Department of Justice) is the state record holder for Redress and will keep copies of all documentation and RFI responses. Local Governments will be required to keep their own records regarding a Redress application in a confidential and secure manner, and in line with all requirements of the *State Records Act 2000*.
- Consider secure storage of information whilst the RFI is being responded to.

REDRESS DECISIONS

- Decisions regarding redress applicant eligibility and responsible institution(s) are made by Independent Decision Makers, based on the information received by the applicant and any RFI responses. The State government does not have any influence on the decision made.
- There is no right of appeal.

MEMORIALS

- Survivors (individuals and / or groups) from within individual communities may ask about the installation of memorials. The State Government's view is to only consider memorialising groups, however locally, this is a decision of an individual local government.

6. NEXT STEPS – PREPARATION FOR WA LOCAL GOVERNMENT PARTICIPATION IN THE SCHEME

In addition to the second-phase information process outlined in section 1, the State will develop:

1. A Memorandum of Understanding (MOU) - to be executed between the State and WALGA following the (WALGA) State Council meeting on 4 March 2020.

The MOU will capture the overall principles of WA local governments participating in the Scheme as State Government institutions and being part of the State's declaration; and

2. Template Service Agreement – that will be executed on an 'as needed' basis between the State and an individual local government, if a redress application is received.

DLGSC and the Department of Justice will work with WALGA / LGPro and all local governments to prepare for participation in the Scheme including:

- Identifying appropriate positions, staff and processes to fulfil requests for information;
- Ensuring local governments have delegated authority to an officer to execute a service agreement with the State if needed;

The State will prepare a template Council report, where all WA local governments will be asked to delegate authority to an appropriate officer in advance, able to execute a service agreement if required. This is necessary as priority requests for information under the Scheme, are in a shorter turnaround time than Council meeting cycles and therefore, cannot be undertaken at the time.

- Ensuring local government have established appropriate processes and can fulfil Scheme obligations (particularly in terms of confidentiality, record keeping etc); and
- Gathering the necessary facility and service information from all individual local governments to commence participation in the Scheme. This information will be provided to the Commonwealth, loaded into the Scheme database and used to facilitate an individual local government's participation in the National Redress Scheme.

ROYAL COMMISSION INTO INSTITUTIONAL RESPONSES TO CHILD SEXUAL ABUSE – FURTHER INFORMATION

The Royal Commission into Institutional Responses to Child Sexual Abuse (the Royal Commission) was established in January 2013, to investigate systemic failures of public and private institutions² to protect children from child sexual abuse, report abuse, and respond to child sexual abuse. The Royal Commission's Terms of Reference required it to identify what institutions should do better to protect children in the future, as well as what should be done to:

- achieve best practice in reporting and responding to reports of child sexual abuse;
- eliminate impediments in responding to sexual abuse; and
- address the impact of past and future institutional child sexual abuse.

The Western Australian Government (State Government) strongly supported the work of the Royal Commission through the five years of inquiry, presenting detailed evidence and submissions and participating in public hearings, case studies and roundtables.

The Royal Commission released three reports throughout the inquiry: *Working with Children Checks (August 2015)*; *Redress and Civil Litigation (September 2015)* and *Criminal Justice (August 2017)*. The Final Report (Final Report) of the Royal Commission into Institutional Responses to Child Sexual Abuse incorporated the findings and recommendations of the previously released reports and was handed down on 15 December 2017. To access a full version of the Royal Commission's Findings and the Final Report, follow the link at <https://www.childabuseroyalcommission.gov.au/>

The Royal Commission made 409 recommendations to prevent and respond to institutional child sexual abuse through reform to policy, legislation, administration, and institutional structures. These recommendations are directed to Australian governments and institutions, and non-government institutions. One specific recommendation was directed at Local Government, while many others will directly or indirectly impact on the organisations that Local Government works with and supports within the community.

Of the 409 recommendations, 310 are applicable to the Western Australian State Government and the broader WA community.

² * For clarity in this Paper, the term 'Institution' means any public or private body, agency, association, club, institution, organisation or other entity or group of entities of any kind (whether incorporated or unincorporated), however described, and:

- Includes for example, an entity or group of entities (including an entity or group of entities that no longer exist) that provides, or has at any time provided, activities, facilities, programs or services of any kind that provide the means through which adults have contact with children, including through their families
- Does not include the family.

THE WESTERN AUSTRALIAN GOVERNMENT RESPONSE TO THE ROYAL COMMISSION

The State Government examined the 310 applicable recommendations and provided a comprehensive and considered response, taking into account the systems and protections the State Government has already implemented. The State Government has accepted or accepted in principle over 90 per cent of the 310 applicable recommendations.

The State Government's response was released on 27 June 2018 fulfilling the Royal Commission recommendation 17.1, that all governments should issue a formal response within six months of the Final Report's release, indicating whether recommendations are accepted; accepted in principle; not accepted; or will require further consideration. The WA Government's response to the Royal Commission recommendations can be accessed at:

<http://www.dpc.wa.gov.au/childabuseroyalcommission>

The State Government has committed to working on the recommendations with the Commonwealth Government, other states and territories, local government, non-government institutions (including religious institutions) and community organisations.

The State Government's overall approach to implementation of reforms is focused on:

- Stronger Prevention (including Safer Institutions and Supportive Legislation)
 - Create an environment where children's safety and wellbeing are the centre of thought, values and actions;
 - Places emphasis on genuine engagement with and valuing of children;
 - Creates conditions that reduce the likelihood of harm to children and young people.
- Reliable Responses (including Effective Reporting)
 - Creates conditions that increase the likelihood of identifying any harm;
 - Responds to any concerns, disclosures, allegations or suspicions of harm.
- Supported Survivors (including Redress).

Many of the recommendations of the Royal Commission have already been addressed through past work of the State Government, and others working in the Western Australian community to create safe environments for children. This work is acknowledged and where appropriate, will be built upon when implementing reforms and initiatives that respond to the Royal Commission's recommendations.

APPENDIX B

NATIONAL REDRESS SCHEME - FURTHER INFORMATION

The Royal Commission's *Redress and Civil Litigation (September 2015)* Report recommended the establishment of a single national redress scheme to recognise the harm suffered by survivors of institutional child sexual abuse.

The National Redress Scheme (the Scheme):

- Acknowledges that many children were sexually abused in Australian institutions;
- Recognises the suffering they endured because of this abuse;
- Holds institutions accountable for this abuse; and
- Helps people who have experienced institutional child sexual abuse gain access to counselling and psychological services, a direct personal response, and a redress-payment.

The National Redress Scheme involves:

- People who have experienced institutional child sexual abuse who can apply for redress;
- The National Redress Scheme team — Commonwealth Government staff who help promote the Scheme and process applications;
- Redress Support Services — free, confidential emotional support and legal and financial counselling for people thinking about or applying to the Scheme;
- Participating Institutions that have agreed to provide redress to people who experienced institutional child sexual abuse; and
- Independent Decision Makers who will consider applications and make recommendations and conduct reviews.

The National Redress Scheme formally commenced operation on 1 July 2018 and offers eligible applicants three elements of redress:

- A direct personal response from the responsible institution, if requested;
- Funds to access counselling and psychological care; and
- A monetary payment of up to \$150,000.

Importantly, the Scheme also provides survivors with community based supports, including application assistance; financial support services; and independent legal advice. The Scheme is administered by the Commonwealth Government on behalf of all participating governments, and government and non-government institutions, who contribute on a 'responsible entity pays' basis.

Institutions that agree to join the Scheme are required to adhere to the legislative requirements set out in the *National Redress Scheme for Institutional Child Sexual Abuse Act 2018* (Cth).

More information on the Scheme can be found at www.nationalredress.gov.au or the [National Redress Guide](#).

SURVIVORS IN THE COMMUNITY

Throughout the five years of its inquiry, the Royal Commission heard detailed evidence and submissions, and held many public and private hearings, case studies and roundtables. Most notably, the Royal Commission heard directly from survivors of historical abuse.

The Royal Commission reported that survivors came from diverse backgrounds and had many different experiences. Factors such as gender, age, education, culture, sexuality or disability had affected their vulnerability and the institutions response to abuse.

The Royal Commission, however, did not report on the specific circumstances of individuals with the details of survivors protected; the circumstances of where and within which institutions their abuse occurred is also protected and therefore unknown. Further, survivors within the WA community may have chosen to not disclose their abuse to the Royal Commission.

Accordingly, it is not known exactly how many survivors were abused within Western Australian institutions, including within Local Government contexts. Within this context of survivors in the community, who may or may not be known, consideration needs to be given to how all institutions, including local governments, can fulfil the Royal Commission's recommendation in relation to redress.

The Royal Commission's *Redress and Civil Litigation (September 2015)* Report recommended the establishment of a single national redress scheme to recognise the harm suffered by survivors of institutional child sexual abuse. This report also recommended that Governments around Australia remove the limitation periods that applied to civil claims based on child sexual abuse, and consequently prevented survivors – in most cases – pursuing compensation through the courts.

As a result of reforms made in response to these recommendations, WA survivors now have the following options to receive recognition of their abuse:

1. Pursuing civil court action(s) against the perpetrator and/or the responsible institution. The *Civil Liability Legislation Amendment (Child Sexual Abuse Actions) Act 2018* (WA) took effect on 1 July 2018, removing the limitation periods that previously prevented persons who had experienced historical child sexual abuse from commencing civil action.
2. Applying to the National Redress Scheme, which provides eligible applicants with a monetary payment, funds to access counselling and an apology. Note, to receive redress the responsible institution(s) will need to have joined the Scheme.

TREATMENT OF LOCAL GOVERNMENTS BY OTHER JURISDICTIONS

At the time of the State Government joining the Scheme, only two jurisdictions had made a decision about the treatment of local governments. All jurisdictions have since agreed to include local governments within their respective declarations, with the exception of South Australia (SA). The SA Government is still considering their approach.

It is understood that all jurisdictions, with the exception of SA, are either covering the redress liability associated with local government participation in the Scheme or entering into a cost sharing arrangement. The table below provides a summary of other jurisdictions' positions.

Jurisdiction	Position
Commonwealth	<ul style="list-style-type: none"> No responsibility for local governments. The Commonwealth Government has indicated preference for a jurisdiction to take a consistent approach to the participation of local governments in the Scheme.
Australian Capital Territory (ACT)	<ul style="list-style-type: none"> ACT has no municipalities, and the ACT Government is responsible for local government functions. ACT has therefore not been required to explore the issue of local government participation in the Scheme.
New South Wales (NSW)	<ul style="list-style-type: none"> In December 2018, the NSW Government decided to include local councils as NSW Government institutions and to cover their redress liability. The NSW Office for Local Government is leading communications with local councils about this decision. NSW's declaration of participating institutions will be amended once preparation for local council participation is complete.
Northern Territory (NT)	<ul style="list-style-type: none"> The NT Government has consulted all of the Territory's local governments, including individually visiting each local government. NT is in the process of amending Territory's declaration of participating institutions to include local governments.
Queensland	<ul style="list-style-type: none"> Queensland is finalising a memorandum of understanding (MOU) with the Local Government Association of Queensland to enable councils to participate in the Scheme as State institutions. The MOU includes financial arrangements that give regard to individual councils' financial capacity to pay for redress.
South Australia (SA)	<ul style="list-style-type: none"> Local governments are not currently included in the SA Government's declaration The SA Government is still considering its approach to local governments.
Tasmania	<ul style="list-style-type: none"> Local Governments have agreed to participate in the Scheme and will be included as a state institution in the Tasmanian Government's declaration. A MOU with local governments is being finalised, ahead of amending Tasmania's declaration.
Victoria	<ul style="list-style-type: none"> The Victorian Government's declaration includes local governments. The Victorian Government is covering local governments' redress liability.
Western Australia (WA)	<ul style="list-style-type: none"> The WA Government has excluded local governments from its declaration, pending consultation with the local government sector.

TIMEFRAME TO JOIN THE SCHEME

Institutions can join the Scheme within the first two years of its commencement. This means that institutions can join the Scheme up to and including 30 June 2020 (the second anniversary date of the Scheme). The Commonwealth Minister for Social Services may also provide an extension to this period to allow an institution to join the Scheme after this time. However, it is preferred that as many institutions as possible join the Scheme within the first two years to give certainty to survivors applying to the Scheme about whether the institution/s in which they experienced abuse will be participating.

If an institution has not joined the Scheme, they are not a participating institution. However, this will not prevent a person from applying for redress. In this circumstance, a person's application cannot be assessed until the relevant institution/s has joined the Scheme. The Scheme will contact the person to inform them of their options to either withdraw or hold their application. The Scheme will also contact the responsible institution/s to provide information to aid the institution/s to consider joining the Scheme.

THE SCHEME'S STANDARD OF PROOF

The Royal Commission recommended that 'reasonable likelihood' should be the standard of proof for determining eligibility for redress. For the purposes of the Scheme, 'reasonable likelihood' means the chance of the person being eligible is real and is not fanciful or remote and is more than merely plausible.

When considering a redress application, the Scheme Operator must consider whether it is reasonably likely that a person experienced sexual abuse as a child, and that a participating institution is responsible for an alleged abuser/s having contact with them as a child. In considering whether there was reasonable likelihood, all the information available must be taken into account.

Where a participating institution does not hold a record (i.e. historical information), the Scheme Operator will not be precluded from determining a person's entitlement to redress. The information to be considered by the Scheme Operator includes:

- The information contained in the application form (or any supplementary information provided by a person by way of statutory declaration);
- Any documentation a person provided in support of their application;
- The information provided by the relevant participating institution/s in response to a Request for Information from the Operator, including any supporting documentation provided; and
- Any other information available including from Scheme holdings (for example where the Scheme has built up a picture of relevant information about the same institution during the relevant period, or the same abuser).

It should be noted that the 'reasonable likelihood' standard of proof applied by the Scheme is of a lower threshold (or a lower standard of proof) than the common law standard of proof applied in civil litigation – the 'balance of probabilities'. Please see 11.7 of the Royal Commission's *Redress and Civil Litigation Report (2015)* for additional information on the difference between the two.

MAXIMUM PAYMENT AND SHARED RESPONSIBILITY

The amount of redress payment a person can receive depends on a person's individual circumstances, specifically the type of abuse the person experienced.

A person may only make one application for redress. The maximum redress payment payable under the scheme to an applicant is \$150,000 in total.

The payment of redress is made by the institution(s) found responsible for exposing the individual to the circumstances that led to the abuse.

There may be instances where one or more institutions are found to be jointly responsible for the redress payment to a person, and instances where a person may have experienced abuse in one or more different institutions. In such situations, the redress payable by an institution will be apportioned in accordance with the Scheme's assessment framework - see <https://www.legislation.gov.au/Details/F2018L00969> and method statement - see <http://guides.dss.gov.au/national-redress-guide/4/1/1>

Prior payments made by the responsible institution for the abuse to the applicant (e.g. ex-gratia payments) will be taken into account and deducted from the institutions' redress responsibility.

EFFECT OF AN APPLICANT ACCEPTING AN OFFER OF REDRESS

Accepting an offer of redress has the effect of releasing the responsible participating institution/s and their officials (other than the abuser/s) from civil liability for instances of sexual abuse and related non-sexual abuse of the person that is within the scope of the Scheme. This means that the person agrees to not bring or continue any civil claims against the responsible participating institution/s in relation to any abuse within the scope of the Scheme.

If a responsible participating institution/s is a member of a participating group, the person will be releasing the other associated institutions and officials within that group from any civil liability for instances of sexual abuse and related non-sexual abuse of the person that is within the scope of the Scheme.

Accepting an offer of redress also has the effect of preventing a responsible participating institution from being liable to contribute to damages that are payable to the person in civil proceedings (where the contribution is to another institution or person).

In accepting the offer of redress, a person will also be consenting to allow the participating institution/s or official/s to disclose the person's acceptance of redress offer in the event that a civil claim is made. The Scheme must provide a copy of the person's acceptance of offer to each responsible institution for their records once received.

Note – the acceptance of an offer of redress does not exclude the pursuance or continuance of criminal proceedings against the abuser(s).

ITEM 8.1.7 – PHOTOGRAPHY STUDIO AND GALLERY – 17 BURROWES STREET DARKAN

LOCATION/ADDRESS: 17 Burrowes Street, Darkan
 NAME OF APPLICANT: Telfer Nominees
 FILE REFERENCE: Rates: 612
 DISCLOSURE OF INTEREST: N/A
 DATE OF REPORT: 13 May 2020

SUMMARY:

Council to consider an application for planning approval for a photography studio / gallery and dwelling at 17 (lots 17 and 18) Burrowes Street Darkan.

BACKGROUND:

The subject land comprises of Lots 17 and 18 Burrowes Street, Darkan.

The application is to relocate the photography studio from its present location at 35 Burrowes Street to the subject land and include a gallery. There will not be any external building alterations and the signage will remain the same.

Minor interior alterations are proposed in accordance with the attached plan. It is proposed to use the rear of the building as residential rental accommodation.

Until recently, the building has been used as a dwelling and prior to this as a restaurant.

CONSULTATION:

None

STATUTORY ENVIRONMENT:Local Planning Strategy

The Local Planning Strategy contains the following objectives for the commercial centre of the townsite:

- The Council envisages consolidation of commercial activities within the general confines of the established town centre.
- The town centre encompasses a wide range of commercial uses, civic facilities, and community uses. It is anticipated mixed-use development will continue within this area.

Local Planning Scheme No 2

The subject land is zoned Commercial under Local Planning Scheme No 2. The objectives for the Commercial zone include:

- ensuring that the established town centre in Darkan remain the principal place for retail, commercial, civic, and administrative functions in the district; and
- to provide for expansion of commercial activity and community facilities to meet future demands to achieve a high standard of residential development.

Both a 'shop' and a 'dwelling' are (D) discretionary uses in the Commercial zone.

A "shop" means premises used to sell goods by retail, hire goods, or provide services of a personal nature (including a hairdresser or beauty therapist) but does not include a showroom or fast food outlet;

COMMENT:

It is normally expected that a 'shop' would be a permitted (P) use in the Commercial zone. It is not clear why the original Scheme classifies this as a discretionary use other than this may have been due to the mixed business characteristics of the town centre.

While the lot boundary bisects the building this is an existing situation and not a major planning issue as neither lot can be sold separately.

The rear portion of the building will be used as a dwelling, which potentially is an existing use where it has been still occurring less than six months ago.

There is an existing sealed area at the front of the building that was previous used as a car park, but this has fallen into disrepair. However, given the expected low number of customers at any one time this is not considered to be an issue.

The application has been assessed having regard to the objectives and standards of Local Planning Scheme No 2 and as well as the Deemed Provisions of the Planning and Development (Local Planning Schemes) Regulations 2015.

POLICY IMPLICATIONS:

FINANCIAL IMPLICATIONS:

The fee for planning approval is \$147, unless Council chooses to waive the fee.

OFFICER RECOMMENDATION – (ITEM 8.1.7)
--

A That Council approve the use of Lots 17 and 18 Burrowes Street Darkan for the purpose of a photography studio and dwelling subject to the following conditions:

1. Any use, additions to and further intensification of any part of the building or land (not the subject of this consent) shall be subject to a further development application and consent for that use.
2. Advertising signs may be displayed within the property to the requirements and satisfaction of Council.
3. The development hereby approved shall occur generally in accordance with the proposal submitted with the application and this shall not be altered or modified without the prior written approval of the Shire.
4. Provision for car parking shall be provided and maintained on site to the requirements and satisfaction of the Shire.
5. The site shall be so ordered and maintained as not to prejudicially affect the amenity of the locality by reason of appearance.
6. The disposal of effluent on the site shall be to the requirements and satisfaction of the Shire in accordance with the Health Act.
7. This approval shall expire if the use hereby permitted has not been substantially commenced within two years of the date hereof, or within any extension of that time which, upon written application (made before or within 21 days after the expiry of the approval) to the Council, is granted by it in writing.

ITEM 8.1.8 – FENCE 6-8 GIBBS STREET DARKAN

LOCATION/ADDRESS: Lot 6 - 8 Gibbs Street Darkan
 NAME OF APPLICANT: Jim Wisniewski and Rebecca South
 FILE REFERENCE: Property File – Assessment 770
 DISCLOSURE OF INTEREST: Nil
 DATE OF REPORT: 15 May 2020

SUMMARY:

Council to consider an objection received from the applicant to the decision made at the April Council Meeting

“That approval not be given for a 1.6m high fence at 8 Gibbs Street Darkan.”

BACKGROUND

At the April 2020 Ordinary Meeting of Council, Council resolved not to approve a request for permission for a 1.6m high fence at 8 Gibbs Street Darkan.

The Shire’s Fencing Local Law requires the approval of the local government where the fence exceeds one metre in height within 7.6m of a street alignment.

The owner was seeking approval for a 1.6m high steel and chain mesh fence.

CONSULTATION:

Following advice of Council’s decision, the affected person has lodged an objection with the Shire.

A copy of the objection is included as an attachment.

STATUTORY ENVIRONMENT:

The Shire of West Arthur Fencing Local Law allows the use of concrete, masonry, wrought iron, tubular steel, link mesh, timber, fibro cement or such other materials approved by the local government. The first schedule of the Local Law details further information in relation to the style of construction permitted.

- 1 Approval
 - 1.1 No person shall commence to erect, construct, reconstruct or alter, or erect, construct, reconstruct or alter any fence or any hood or pergola forming part of a fence -
 - (a) exceeding one metre in height abutting or within 7.6 metres of a street alignment; or
 - (b) exceeding 1.8 metres in height on the remainder of any lot boundary or adjacent thereto unless he has lodged with the local government two copies of plans and specifications of the proposed fence or hood or pergola forming part of the fence, or the proposed reconstruction or alteration and unless the Local Government has approved the said plans and specifications.

<https://www.westarthur.wa.gov.au/documents/307/sowa-fencing-local-law>

Any person who constructs a fence otherwise in accordance with the provision of the Local Law commits and offence with penalties as prescribed in the Local Law.

In accordance with Section 9.4 of the Local Government Act 1995, when a local government makes a decision under the Act which the affected person could consider unfavourable, the person making the decision is to ensure that the affected person is informed of the person’s rights to object against, and apply for a review of, the decision.

An affected person may object in accordance with Section 9.5 of the Act if they have not applied to State Administrative Tribunal (SAT) for a review of the decision.

The objection is to be dealt with by the Council in accordance with Section 9.6 of the Act. The objection may be disposed of by –

- a) dismissing the objection;
- b) varying the decision objected to;
- c) revoking the decision objected to, with or without –
 - a. substituting for it another decision; or

- b. referring the matter, with or without directions, for another decision by a committee or person whose function it is to make such a decision.

The affected person can apply to the SAT for a review of the decision on the objection.

A motion to revoke a decision must be supported by at least 1/3 of the number of offices of members of the council inclusive of the mover of the motion in accordance with the Local Government (Administration) Regulations 1996 R.10.

POLICY IMPLICATIONS:

There are no policy implications.

FINANCIAL IMPLICATIONS:

Should the affected person apply to SAT, they may be financial costs associated with administration time and potentially legal costs.

STRATEGIC IMPLICATIONS:

The Shire of West Arthur' Community Strategic Plan identifies two relevant outcomes being that the Shire will

- be an appealing and attractive place to move to; and
- develop new local laws as required and review and amend existing local laws as required and in accordance with legislation.

COMMENT

Council is asked to consider the objection received in accordance with the Act.

VOTING REQUIREMENTS:

Simple majority

OFFICER RECOMMENDATION – (ITEM 8.1.8)

11th May 2020

For a long time I have wanted to have an effective front fence for our property – to both demark the line and to keep pets in as well as pests out. I'm sure you are aware that directly across the road from this property is the reserve bush which allows direct access for pests such as rabbits and foxes. Not so long ago my dog came into contact with a mange-infected fox inside our garden. It will be nice to keep rabbits out of the vege patch too.

Since we bought this property in 2009, I have seen Darkan property devalue considerably which has made it more attractive to a lower socio-economic buyer or tenant so the need for a practical fence has increased.

Existing fences in Darkan consist of many forms of material ranging from bush-wood, star pickets, steel panels, asbestos, hardy board and various meshes. Of these fences a large number are bent, broken, damaged and in various states of disrepair. These fences vary in height from 300mm to 2.4m. Chain mesh to my mind is the more aesthetically pleasing material.

Our home is built on an elevated block – attached is a photo to demonstrate that the top of our fence would be 1m of height if there was a retaining wall such as the one pre-constructed on the boundary between 8 and 10 Gibbs street or the one out front of 10 Gibbs street.

Our fence is well made, pleasing to the eye and is fit for purpose. It has taken me 9 days to complete and I am happy to say that the result exceeds my initial vision. Thank you for your tolerance for my idea.

Regards
Jim Wisniewski
